MARINES PREPARE TO MOVE INTO LEBANESE CAPITAL

Cuban Rebels Release More U.S. Captives

GUANTANAMO, Cuba (AP) — Cuban rebels have finally started releasing the rest of the North Americans they kidnapped. Seven U. S. servicemen were freed Tuesday and others of the 22 still held were expected to be returned today.

The seven bearded men released were in good condition and high spirits as they stepped from two helicopters at the U. S. Navy base on Guantanamo Bay. All said Fidel Castro's men treated them well during their three weeks in the rebels' jungle camps.

The returnees said they understood four or five more servicemen would be freed each day. They had been scheduled to start coming out of the east Cuban mountains Monday but apparently bad weather delayed transporting them to the pickup point.

"The rebels are willing and anxious to get rid of all the men because they wish to avoid endangering any of the captives' lives," said Storekeeper L. C. Robert Gibson of Chatahochee, Fla.

The rebels between June 26 and July 1 kidnapped 30 U. S. servicemen, 17 American civilians and 3 Canadians. All the civilians and one Navy airman were freed in small batches between July 2 and July 11, but the delay in freeing the bulk of the servicemen was beginning to anger the Navy and aroused concern for the safety of the men.

The men released Tuesday were Gibson; Marine Sgt. Charles B. Young Jr., Bronx, N. Y.; Cpl. Noble S. Brown, Indian Head, Md.; Aviation Machinist Mate, 2C, William Criste, Scottville, Kan.; Boatswain's Mate 2C, Billy Ray Fox, Bloomfield, N.J.; Airman Alfredo R. Hernandez, Espartero, Calif.; and Electronics Technician 3C, Valentine W. George, Northboro, Mass.

Plans Discussed To Keep Congress On Emergency Call

WASHINGTON (AP) — Legislative leaders may decide to keep Congress on call for any new Middle East emergency that might arise after it completes its regular business next month.

Sen. Styles Bridges (R-NH) forecast adoption of a resolution under which the party leaders of both houses could call members back into an emergency session if President Eisenhower himself did not do so.

Sen. Lyndon B. Johnson of Texas, Senate Democratic leader, said he hasn't had time yet to consider such a proposal.

Neither he nor Bridges would speculate on whether the Lebanon crisis would prolong the present session. But Bridges said it is his understanding Eisenhower does not now plan to ask for additional funds or other legislation.

Following the course adopted by former President Truman in the Korean War, Eisenhower asked for no formal ratification by Congress of his sending the Marines to Lebanon. He reported it formally to Congress in a special message after he had acted.

Mercer and Venango Clean Up Following Flash Floods

By The Associated Press

Residents of storm-ravaged communities in Mercer and Venango Counties today began cleaning up damage caused by flash flooding after heavy rains.

The rains Tuesday washed out a number of bridges, forced the closing of numerous highways and the detouring of railroad trains.

At least one death was directly traceable to the flooding. Four-month-old Sandra Dille was drowned when she was swept from her father's grasp as they attempted to reach higher ground near their home at Raymont, Venango County.

Three persons were injured, none seriously, when five house trailers were bowled over by a terrific gust of wind during an afternoon storm near Zelienople

Ike Promises More Troops Will Be Sent to Trouble Zone If Found Necessary

By JOHN M. HIGHTOWER

WASHINGTON (AP) — New units of toughened Marines headed for the Mediterranean today as United States forces around the world were alerted for possible new emergencies growing out of the grave Middle East situation.

The Marines were being dispatched to join the 6th Fleet force in a move to backstop the 5,000 Leathernecks ordered into re-voit-battered Lebanon Tuesday. A second battalion of 1,800 men started landing in Lebanon early today, to bring the total contingent ashore to 3,600.

More Marine assault troops from Cherry Point, N. C., were being flown to an intermediate destination in the Mediterranean by planes of the Atlantic Fleet. The number of men was not given, but it was learned a lieutenant colonel commands them. That rank normally handles a battalion of 1,700 to 1,800 men.

Adm. Jerauld Wright, Atlantic Fleet commander, described them as combat ready and "tough as hell."

The dispatch of more troops to the troubled area came fast on the heels of President Eisenhower's promise to send more forces if required to help the pro-Western government of Lebanon.

In another development, the U. S. Air Force said transport planes had landed at Rhein-Main air base in West Germany to strengthen airlift units in Europe. The transports came from Donaldson Air Force Base in South Carolina.

The planes could be used to ferry troops or supplies to the Middle East.

These new moves of men and material came as the United States braced itself for a possible counterstroke from Cairo of Moscow over the landing in Lebanon.

President Eisenhower told Congress and the nation late Tuesday that the American intervention to protect the pro-Western Lebanese government may have serious consequences.

But he said the risk had to be taken to save Lebanon from indirect aggression which he blamed on the Soviet Union and the United Arab Republic.

Other high officials said the situation was extremely explosive—the greatest world crisis since the 1950 outbreak of war in Korea—and broad military precautions were essential.

None would predict whether Moscow and Cairo would content themselves with propaganda assaults on the United States or try some military moves of their own.

The Soviet Union already has (Turn to Page Ten)

Democrats Holding Meeting at Capital

HARRISBURG (AP) — Sen. Joseph M. Barr, Democratic state chairman, said today the Pennsylvania Manufacturers Assn. can be driven out of politics in the Nov. 4 general election.

"This is the last stand for the PMA," said Barr. "It is ready now for the sweetest licking of its life. It is ripe enough to fall out of the tree of politics, with a little nudge."

Barr spoke at a political seminar among Democratic candidates for the Legislature. The meeting was called to acquaint candidates with statewide issues.

In Butler County. A truck driver escaped serious injury when his tractor-trailer rig plunged into Little Sandy Creek at a washed out bridge on Route 322, near Greenville. The driver, John Styer, 38, of Danville, Pa., was treated by a physician for an eye injury.

A bolt of lightning set fire to a three-story frame building in Waterman near Indiana. The building, which housed the Nubly Upholstery Co., was completely destroyed. Several firemen were treated for smoke inhalation, but there were no serious injuries.

More rain fell Tuesday night, but not enough to make the situation much worse. Several creeks rose slowly but did not spill their banks.

By Associated Press

Extended forecasts for Thursday, July 17, through Monday, July 21.

Western Pennsylvania, western New York and West Virginia: Temperatures will average normal south and 2 or 3 degrees below normal north, Thursday, warmer Friday and Saturday with little change thereafter. Afternoon and evening thundershowers Friday south, rain throughout district during weekend.

QUESTIONING OF GOLDFINE NEARS CLOSE

By LEWIS GULICK

WASHINGTON (AP) — Bernard Goldfine testified today he made 43 telephone calls to presidential aide Sherman Adams in a recent six-month period.

In explanation, the Boston millionaire told House investigators that Adams is "one of my best friends... and a friend you call whenever you see fit."

Goldfine said, too, that sometimes the calls were on such matters as tariff regulations which were of interest to his textile firms. The 43 telephone calls were during the period Nov. 20, 1957, to May 11, 1958.

It was Goldfine's seventh day of testimony before the House subcommittee digging into charges that his business interests have received favored treatment from federal regulatory agencies because of his friendship with Adams.

Both Goldfine and Adams have denied any preferential treatment but have told of gifts exchanged between them.

Rep. Oren Harris (D-Ark) hopes his committee can wind up questioning of Goldfine today.

But "we're going to get all we can out of him first" before letting the 67-year-old Goldfine off the witness stand, Harris declared.

Today's is the seventh appearance in two weeks for the Boston textile and real estate magnate whose gifts to presidential aide Sherman Adams and others set off a Washington uproar.

Goldfine and Adams have steadfastly denied that Adams swung federal favors for Goldfine.

Tuesday, after a 3½-hour secret battle with subcommittee members, Harris gave newsmen tidbits about an Army textile contract dispute in which he said the facts "gross political interference and influence."

Harris said Goldfine had no connection with the case, but he refused, repeatedly, to say whether Adams was involved.

"It involves a great many people... The entire investigation must be developed before any individuals should be named," was Harris' answer when reporters asked about Adams.

(Turn to Page Ten)

Adlai Makes Call on Minister Gromyko

MOSCOW (AP) — Adlai Stevenson called on Soviet Foreign Minister Andrei Gromyko today, renewing an acquaintanceship from the days when they were members of their countries' U. N. delegations.

The two-time Democratic presidential candidate was scheduled to confer with Soviet Minister of Culture N. A. Mikhalov to discuss the Soviet Union's refusal to pay royalties to American authors for their works reprinted in the Soviet Union. Acting as a representative of the Authors League of America, Stevenson is trying to arrange for royalty payments.

More Rain Promised During the Weekend

By Associated Press

Extended forecasts for Thursday, July 17, through Monday, July 21.

Western Pennsylvania, western New York and West Virginia: Temperatures will average normal south and 2 or 3 degrees below normal north, Thursday, warmer Friday and Saturday with little change thereafter. Afternoon and evening thundershowers Friday south, rain throughout district during weekend.

Map Showing Sixth Fleet On Move

The U. S. Sixth Fleet, most powerful naval striking force in the world, moved Marines onto the Lebanese Beach Tuesday, after maneuvering in the eastern Mediterranean within easy reach of crisis-torn Iraq. Newsmap shows possible other routes that the fleet, commanded by Vice Adm. Charles R. Brown, could take to the Middle East. U. S. naval authorities said the move had been ordered before the Iraqi crisis erupted. (NEA Newsmap.)

Secretary Lloyd Flying to States

LONDON (AP) — Foreign Secretary Selwyn Lloyd announced today he will fly to Washington in a few hours to confer with Secretary of State Dulles on the critical Middle East situation.

Lloyd said he had been invited to Washington by the secretary of state.

His announcement came in the course of his speech opening an emergency debate in the House of Commons on the Middle East situation.

Public Hearing Is Planned on Minimum Wages

HARRISBURG (AP) — A new nine-member board to recommend minimum wage rates for women and minors employed in restaurants and motels will hold a public hearing here July 31.

Subsequent hearings, if deemed necessary, will be held Aug. 1, 7 and 8.

The nine members were appointed Tuesday by William L. Batt Jr., secretary of labor and industry. He said the new board would prepare a wage order to replace one set aside in May by the Dauphin Court.

Frederic G. Weir, Pittsburgh attorney, again will head the board which is made up of three representatives each from industry, labor and the public.

The three industry representatives, none of whom were members of the first board, are Fred G. Sampson, executive vice-president of the Pennsylvania Restaurant Association, Ben Josephson, director of a Pocomos Resort, and Gardner Moore, Bedford Hotel director.

U. S. Troops on Korean Front Are Ordered on Alert

TOKYO (AP) — American troops at the dormant Korean front, in Japan and on Okinawa quietly joined today the U. S. global military alert ordered by President Eisenhower.

Commanders in Japan and Korea said Adm. Felix Stump in alerting his Pacific command meant all ground and air forces as well as the Navy.

Details of how troops sharpened their alert for any eventualities were secret.

Seoul radio carried an unconfirmed report that Communist North Korea has canceled all army leaves and ordered troops back to their units.

A South Korean army spokesman said there were no intelligence reports of unusual developments among Communist troops across the armistice line.

SEEK DANGEROUS ROCKET

SALISBURY, England (AP) — Farm workers joined today in the search for a dangerous rocket dropped accidentally from a Royal Air Force plane. Police have been racing around this rolling farming country since Tuesday warning people the rocket would explode if exposed to electricity or anything that generates electricity.

Further Business Advances In June Government Reports

WASHINGTON (AP) — Government figures show June brought further recovery for the nation's economy.

Industrial production rose, new housing starts increased, non-agricultural employment income was up.

The Federal Reserve Board's index of industrial activity showed a production rise for the second straight month after dropping for eight months. The rise for June was two points to 130 per cent of the 1947-49 average.

The recession low of 128 was reached last April. The index record is 147 set in December 1947.

The Commerce Department reported personal income rose in June to a seasonally adjusted annual rate of \$351,800,000, a figure just 300 million dollars below the record set last August. The 1958 low of \$346,400,000 was set in February.

The Commerce Department said the June rise reflected increases in wage and salary payments.

Help for Jordan Is Indicated in Amann Reports

AMMAN, Jordan (AP) — The United States and Britain are considering what aid they can give Jordan's King Hussein to help him "restore peace and stability" in Iraq, a government spokesman said today.

The Jordan radio indicated Tuesday night Hussein had appealed to Washington and London for military help.

A government statement broadcast today said Iraq would soon receive help from Jordan, "and other Arab countries who seek peace and stability which will settle the Iraqi crisis." And other countries were not identified.

Hussein proclaimed himself head of the Arab Union of Iraq and Jordan after his cousin King Faisal II of Iraq was overthrown Monday by a military coup in Baghdad.

The statement noted that reports were still conflicting on the fate of Faisal. He has been reported wounded, besieged in his palace and in hiding.

The U. S. State Department said two Americans and a former Iraqi foreign minister, Fadhil Jamall, also had been reported killed by Baghdad mobs.

Flood Spreading Over Southeastern Kansas

FORT SCOTT, Kan. (AP) — Flood waters spread over a large section of this southeastern Kansas town this morning after an all-night downpour.

Seven inches of rain fell on Fort Scott, a city of 10,000 population 96 miles due south of Kansas City, during the night.

The rain still was falling at dawn.

Police removed a few elderly persons from their homes, but there was no mass evacuation. No casualties have been reported.

The flood was the second in five days in Kansas. A flash flood hit Atchison, 60 miles northwest of Kansas City, Friday morning, causing severe damage and resulting in three deaths.

TENSION IS MOUNTING IN BEIRUT AS REBELS SEEK TO OUST PRES. CHAMOUN

By EDWIN A. SHANKE

BEIRUT, Lebanon (AP) — Another U. S. Marine battalion landed in Lebanon today. Advance units moved from their beachhead into Beirut, the capital.

This swelled the total of Leathernecks in this troubled republic to 3,600. More are on the way.

Rebel leaders fighting to topple pro-Western President Camille Chamoun have denounced the Marine landing. But there was no opposition as the Marines swung into the capital.

Rebel leader Saed Salam, holed up in the Moslem quarter of Beirut, issued a statement urging Lebanese "to defend your country and safeguard your freedom."

An air of tension gripped the city. Rebel forces moved forward three blocks from behind their barricades.

American civilians were leaving the country in greater numbers. Of about 3,200 Americans in Lebanon, 220 private citizens and 168 dependents of embassy personnel have left since the revolt began 68 days ago.

The United States, which sent in the Marines at Chamoun's request, described the intervention here as the creation of a beachhead to assure peace and stability in the Middle East.

The reaction of the Soviet Union and the Arab bloc headed by Egypt's President Nasser was not yet known.

The spotlight appeared likely to shift rapidly from Lebanon to neighboring Jordan, the partner of Iraq in the Arab Federation. A pro-Nasser coup on Monday overthrew Faisal, King of Iraq and chief of the Federation. Reports were still conflicting as to the fate of Faisal.

King Hussein of Jordan announced his succession to Faisal as head of the Federation.

A Jordan spokesman in Amman said the United States and Britain were considering what aid to give Jordan. The Jordan radio indicated Hussein has asked for assistance to put down the rebel regime in Baghdad.

Britain has announced move

Mother Finds Her Three Children Shooting Victims

TROY, Pa. (AP) — A father reported missing shortly after his three small daughters were found shot to death in their farm home Tuesday night was picked up today in a wooded area about four miles from home. An unidentified state policeman and a farmhand apprehended 19-year-old Paul Pelton without a struggle and returned him to Bradford (Pa.) County Jail. The farmhand, Allen Palmer, who worked with Pelton on the same estate, noticed a horse missing from a barn. He and the state policeman followed the animal's tracks up a dirt road and through a patch of woods where they spotted Pelton lying on the ground, his arms folded over his head. When Pelton stood up and lit a cigarette, the trooper fired over his head and called upon the father to give up. Pelton raised his hands in token of surrender.

TROY, Pa. (AP) — A young woman found her three small daughters shot to death last night. Her husband was reported missing from their farm home near the New York state border.

Mrs. Margaret Pelton, 23, said she returned to the house after a visit and found Connie, 2, slumped in her stroller, seemingly asleep. Concerned that the child was up so late, she called out to her husband, Paul Pelton, 19.

There was no answer. She (Turn to Page Ten)

Civic Light Opera May Not Operate in 1959

PITTSBURGH (AP) — The Civic Light Opera Assn. reports it will not operate in 1959 unless attendance picks up this year.

Officials said 25,101 persons have attended the first four shows this year in comparison to 54,047 last year.

The association said it will suffer a \$100,000 deficit if the remaining four shows fail to produce bigger audiences.

State Board of Assistance Holds First Public Meeting

HARRISBURG (AP) — The State Board of Public Assistance has held its first open meeting but board members questioned the right of the press to attend future sessions.

Harry Shapiro, secretary of public welfare, told reporters earlier that Tuesday's meeting of the board would be open to the press.

When the board gathered, with reporters present, Chairman Dr. Jesse D. Reber said there are three very good reasons why the board should meet behind closed doors:

"The open meeting (right-to-know) law does not apply; certain things are confidential, and most of the things we do do not make

U. N. Urged To Send Force Into Mideast

BULLETIN

UNITED NATIONS, N. Y. (AP) — Secretary General Dag Hammarskjöld said in effect today that no international military force is needed to stop the flow of outside aid to Lebanese rebels.

The secretary general addressed the 11-nation Security Council briefly just before U. S. Delegate Henry Cabot Lodge formally called for the establishment of a security force to supplement the U. N. observer group now in Lebanon.

Hammarskjöld said he had been informed by the observation group that it had successfully completed arrangements for inspection of the entire Lebanese border.

"It is my feeling," he added, "that with the result thus achieved, the observation group is fully equipped to play the part envisaged for it in the U. N. total effort, with its general purpose of ensuring against infiltration and smuggling of arms."

UNITED NATIONS (AP) — The United States urged the U. N. Security Council today to send an international military force to Lebanon to protect the country's independence from the rising tide of Nasserism.

The Americans said their Marines would be withdrawn (Turn to Page Ten)

Forces Prepared Sec. of Defense Assures Nation

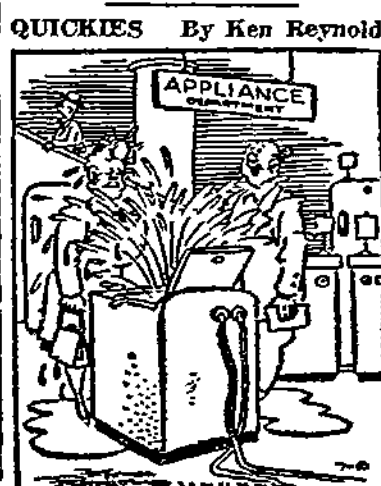

WASHINGTON (AP) — Secretary of Defense McElroy said today that he thinks the American people can be assured our forces are ready for any assignment.

McElroy made that comment to newsmen who met him on his hurried return from the nuclear weapons proving grounds in the Pacific. He was visiting the test site when the American landings in Lebanon were ordered.

In saying American forces are ready for any assignment, McElroy was answering a question.

"The five members then ratified Shapiro's action but agreed that the attorney general's office be asked to rule whether the 1957 act making meetings of certain public agencies open to the public applied to the Public Assistance Board. The state administration has extended provisions of the act to several agencies by executive ruling.

Shapiro, although not a member of the board, inherited it as secretary of the new Department of Public Welfare formed by the merger of the Welfare and Public Assistance Departments. This also was his first meeting with the board.

Scientific Papers Written By State Hospital Staffers

Further reports of research at Warren State Hospital come with announcement of publication of two scientific papers by members of the medical staff.

The first paper, written by Dr. Arthur Hoshino and co-author Eugene Cease, chief psychologist at the hospital, appears in the current issue of "American Journal of Psychiatry," official journal of the American Psychiatric Association. The paper, entitled "Iproniazid Phosphate in the Treatment of the Chronic Hospitalized Schizophrenic," describes a project covering 64 chronic patients at the hospital.

The study analyzed the effectiveness of one of the so-called "psychic energizers," a drug for which considerable success had been claimed elsewhere in the nation. At the end of the six months of Dr. Hoshino's study, the conclusion was reached that the drug had not significantly altered the condition of the patients treated.

The second paper, "Mileau Activity Therapy With Chronically Disturbed Female Patients," was written by Dr. James Suess, Clinical Director of the hospital, and appears in "Psychiatric Quarterly," one of the country's leading psychiatric journals. Dr. Suess selected a group of women patients who had been hospitalized for prolonged periods without showing any lasting improvement after the administration of electroshock therapy and the new tranquilizing medications. This group of apparently hopeless patients was then given special personal attention. Carefully selected attendants and nurses were assigned to the project, with a ratio of one employee to every six patients.

UPPERS FLUSHED FROM THE SEWER

On Sunday, Street Commissioner Lee Webster received a call from a West Side man reporting he had dropped a valuable "ring" down the drain. When asked to describe this "ring" further, it turned out to be only a three-quarter "ring," that is, some false teeth, uppers. They had been lost to the lavatory Saturday night.

An accommodating commissioner, Mr. Webster went to the West Side this morning after advising the loser to flush several times and fill his bathtub to drain.

First, the men cleaned a six-inch "sump" which just happened to be in the sewer. Then they flushed 268 feet of pipe with a fire hose. Initial cleansing brought no teeth.

But on the second shovelful after the second flush by the fire hose, up came teeth, undamaged, and perched right on top.

They are presumably still soaking.

for that long vacation trip it's

permitting a great deal more individual attention for each patient than is ordinarily possible. Each patient was assigned to activities designed to be both productive and satisfying. Each one received a great deal of encouragement, praise, and interest from the personnel. As the experiment continued, Dr. Suess reports it was apparent that most patients were regaining self-esteem which had been absent during their long illnesses, and most responded with increasing warmth to the interpersonal relationship with employees. One-third of the group were able to leave the hospital, a considerably higher proportion of such chronic patients than had so improved with all other efforts at treatment. Dr. Suess' paper emphasizes that this demonstration of the value of human relationship and warmth of interest would require considerably more personnel than most hospitals are now able to employ.

Dr. Suess, a native of Rock Island, Illinois, graduated from Northwestern Medical School, interned in New Orleans, and has been on the Warren State Hospital staff for the last five years. Dr. Hoshino, a native of California and a graduate of University of Buffalo Medical School, has been at Warren for three years, and is a senior psychiatrist on the staff.

Eugene Cease, who collaborated in Dr. Hoshino's research, is a native of Cambridge Springs, a graduate of Allegheny College, where he also received his Master's Degree, and is chief psychologist at Warren State Hospital.

RADIO and TV

By CYNTHIA LOWRY

NEW YORK (AP)—Allan Swift thinks he probably turned in the greatest television performance in his life when he was a liquid lead pencil.

But he admits that as a cup of instant coffee he was also pretty hot stuff.

In recent months Swift has been extremely busy as a three-way lamp, a glass of beer, a pack of cigarettes and an assortment of human beings, ranging from old female to child and male. Some of his more delicate assignments recently, he says, have been to do the talking for tennis champion Pancho Gonzalez, golf champ Cary Middlecoff and bowling champ Don Carter. The lads were doing cigarette testimonials for TV commercials but their voices weren't quite right for their jobs.

Swift, a former standup comedian of the night club and vaudeville circuits, is the voice on some 400 commercials. He says his income is higher than "the hottest television performer in the business." The gross exceeded \$200,000 last year with the vogue for animation continuing, he expects

to do better this year.

"I'm a pretty good mimic," he confesses, "but I think the trick to doing voices lies in a sensitive ear."

Over the years, he says, he has assembled quite a number of tools with which to construct a wide range of voices.

"You start with a child's voice," he explains. "It is light, with a breathiness and tendency to over-articulate. In adolescence, its tone goes down, cracks a bit, with some breathiness. The young man is lower, with an even mixture. And around 30 or 40, there's a sloppiness of articulation. In old age, the overarticulation starts again — this time to compensate for a loss of breath."

Along with these basic ingredi-

ents, Swift mixes in, as needed, a raspy, foggy, strained, nasal or sinus quality.

Swift thinks he's solved the perennial problem of the actor. As long as he can talk, he can eat. "I'd drop the whole thing like a shot if I get a chance for a good role in a Broadway play," he admits.

"DRIZZLING" REVOLUTIONS

The nuisance value of the tireless troublemaker never seemed higher.

Tuesday as Marines landed in the Middle East the Pentagon disclosed that Adm. James Holloway had hurried to the scene from his London headquarters to take over the dominant officer command under which naval and Marine units and any subsequent Air Force and Army units in the area will operate. This in addition to Holloway's regular

I am one of them that are peaceable and faithful in Israel. Thou seekest to destroy a city and a mother in Israel, why wilt thou swallow up the inheritance of the Lord?—II Samuel 20.19.

According to the Titusville
Herald the hills northwest of

It is found in the introduction of cigarette filters to offset the cancer scare. The tobacco industry credits its salvation to filters.

G. Hall Todd Writes of Interesting Plans for Summer of Travel Abroad

In a letter to one of his many Warren friends, the Rev. G. Hall Todd, minister of Arch Street Presbyterian church in Philadelphia, sends along additional information concerning his trip abroad this summer.

Leaving New York July 6, he flew to Ireland, from where the early part of the jaunt is being conducted by professors from Lafayette College and the principal guide is a Heidelberg, Germany, graduate who is a specialist in religious art.

After some time in Dublin, the schedule calls for England as the next stop, London in particular, also Stratford, then Paris; a trip through Spain that will include Madrid, Valencia, Barcelona; and on to Italy for stops in Rome, Florence, Venice, Naples, Pompeii, etc.

Music Festivals at Innsbruck and Salzburg will highlight travels in Austria; then will come a tour of the Rhineland.

Heidelberg, Bonn, and Munich. In Switzerland, the group will stop in Zurich, after which will come Luxembourg, then Belgium, with the World Exposition at Brussels, and Holland.

The former Warren man, son of Mr. and Mrs. George Todd, Fourth avenue, writes that he wishes to go from Amsterdam to the southern province of Zeeland, where originated the ancestors of his grandfather Todd's mother.

"Then I go back to Scotland", he writes, "to tour on my own—Edinburgh, Glasgow, possibly Aberdeen, also a trip to Dumfries and Lockerbie, where my Bell ancestors lived and some relatives, I believe, continue to reside. That is the section connected with Robert Burns and Thos. Carlyle, and I hope to see their haunts. I hope, too, to include a brief sojourn in Belfast and the north of Ireland.

"I hope to spend the last of August and first of September

in Warren. On September 7, I am to preach in the summer Presbyterian church at Spring Lake, N. J. (on the coast). I preached the final service of the season last year, also."

BIRTHDAY GUEST

COLE HILL — A surprise birthday party was given recently to honor Ray McChesney at his home in Torpedo. Lunch included two birthday cakes made by Mrs. Sadie McChesney and Mrs. Bernice McChesney, and many other nice gifts.

Guests present were Mr. and Mrs. Fred McChesney, Ross Hill; Mr. and Mrs. Roy McChesney and family, Sutton Hill; Mr. and Mrs. Donald Granger and daughter, Shirley, Pittsburgh; Arthur McChesney and family, Erie; Mr. and Mrs. Junior McChesney and son, Lee, Mr. and Mrs. Marshall Van Guilder, Torpedo.

OPEN HOUSE FOR MR. AND MRS. BULL

Open house will be held Sunday, July 20, to honor the 25th wedding anniversary of Mr. and Mrs. Arden Bull. Friends and relatives are cordially invited to call at their home in Columbus from two until five in the afternoon, seven until nine in the evening.

TODAY is pay day for all who have classified ads.

MR. AND MRS. RONALD CROUSE

At 2:00 p. m. June 21 in Epworth Methodist church, the Rev. Reed Hurst performed a double ring ceremony to unite in marriage Edith L. Gibson, daughter of Mr. and Mrs. Homer Gibson of Yankee Bush, and Ronald Crouse, son of Mrs. Nila Beth Crouse, Kinzua. Mrs. Small was at the organ; Richard Smith sang "I Love You Truly," "O Promise Me" and "The Lord's Prayer."

Carrying white roses and lilies of the valley, the bride was gown in floor length chantilly lace and tulle, styled with long sleeves, and sequin trim about the sabrina neckline of an empire bodice. A tiara held her fingertip veil of silk illusion.

She was given in marriage by her father and had as attendants, in rainbow shades, the maid of honor, Muriel Crouse of Kinzua, wearing aqua taffeta and nylon net; Leonette Lauffenberger, in orchid; Carol Bright, in white net over pink, while the junior bridesmaids, Jennie Gibson and Becky Crull, wore, respectively, powder blue and yellow. All had nosegays of mixed carnations and matching headbands. Kathy Gibson, sister of the bride, wore white lace and taffeta and carried a basket of daisies.

Donald Crouse, Bradford, was his brother's best man; ushers were another brother, Stan Crouse, Kinzua; Richard Crull, Pittsfield; Carl Bright, Warren; Richard Culver, Youngsville; ring-bearer was the bride's cousin, Ronald Thomas.

Remembered with white rose corsages were mothers of the principals, also two grandmothers of the bride, Mrs. Lillie Thomas and Mrs. Edith Gibson.

The reception for 150 guests followed in the church parlors, miniature bridal figures topping the four-tiered wedding cake made by Bessie Hucksbone. Aides were Joyce Jones, Mary Edith Jones, Marilyn Jones, Emma Jean Jones, Nadine Kuffer, Ruth Gibson, Kay Schweitzer, Mrs. Flossie Schweitzer, Marie Stanton, Beverly Stanton, Shirley Stanton, Betty Crouse, Jean Thomas, Evelyn Crull, and Marian Jones. The guest book was in charge of the bride's grandmother, Mrs. Lillie Thomas.

Later, the couple left for a wedding trip to northern Georgia. The bride is a graduate of Warren High and is employed at Anderson's Super Market. The bridegroom is an alumnus of Bradford High School.

Parties for the bride-elect were given by Dorothy Dykes and Betty Crouse.

JACOBY ON BRIDGE

FANTASTIC LEAD ONLY CAN SET

BY OSWALD JACOBY
Written for NEA Service

Dr. John Magalh, Kansas City psychiatrist, took a look at dummy and rather hoped that he could have found some way to psycho-analyze his partner into a three no-trump contract.

There had been no way for the doctor to bid no trump himself. He was looking at that worthless heart doubleton.

East signaled with the queen

of hearts on the opening lead and West continued the suit. Dummy's king held the second trick and the doctor led a spade from dummy. East played the nine and the doctor covered with the ten. West won the trick and now had no way to beat the contract.

The doctor's spade play had left him with a trump in dummy. West could play a third heart if he wished, but Doctor John could ruff in dummy; enter his own hand with the ace of diamonds and play ace-king and another spade.

If the doctor had banged down ace-king-small of spades West would have forced him with the third heart and eventually beaten the hand.

Incidentally, there was a de-

COMMITTEE SEEKS CLASS MEMBERS

The correspondence committee for the reunion of Warren High School Class of 1952, to be held August 16 at Allegany State Park at Red House, N. Y., is seeking information concerning the following class members: John Mowell, Bernice Connor, Monice DeVore, Mary Tennes, Larry Currie, Ted Russell and Lola Schearer. Persons knowing their addresses or present whereabouts are asked to communicate with Sandra Varala, 207 West Fifth avenue, phone 4212.

COLE REUNION

COLE HILL—Descendants of Sidney W. Cole will hold their 54th reunion at Island Park in Youngsville Saturday, July 26, and all members of the Cole family are cordially invited.

sense to beat four spades, but it would have required a fantastic opening lead of a low heart. Then West could lead low a second time and get his partner in for a club lead while he still held a master trump.

SOCIETY

BUSTEES CLUB

Warren Grange 4-H Club. The Busybees, will hold their regular meeting in the Grange Hall at 1:00 p. m. Thursday, each member to bring 10 cents toward refreshments the snack group will make.

Last meeting of the club was conducted by President Patty Roberts, all joining in the 4-H Pledge and roll call by Secretary Louise Kusto showing 23 members and two leaders Gerry Johnston and Gail Griffith, in attendance. Two games were led by Barbara Smith and two songs by Donna Nelson.

After adjournment, the 12 members of the sewing group met with Miss Griffith, first-year members working on skirts, second-year on dresses. Meeting with Miss Johnston, 11 members of the snack group made brownies and oatmeal cookies and these were served, with a beverage, to the entire group.

RUTH BIBLE CLASS

Members of Ruth Bible Class of First Lutheran church will have a picnic supper in Crescent Park at 6:15 p. m. Thursday. All are asked to bring hamburger or wieners, rolls and their own table service. The committee will provide the remainder of the menu and advise, in case of rain, supper will be served in the church basement.

WOMEN'S REHEARSAL

Women members of First Baptist and Bethlehem Covenant church choirs are asked to meet at First Church at seven o'clock this evening for rehearsal of music to be used in the combined service of the two parishes on Sunday.

CLARENDON AUXILIARY

All members of Marshall Larsen Auxiliary, Clarendon VFW, are urged to be in attendance for the regular meeting in the Post Home at 8:00 p. m. Thursday.

FALL FASHIONS

This Year Is For Men

Second in a Series

By DOROTHY ROE
AP Women's Editor

NEW YORK (AP)—This is the year for the men, says globe-trotting designer Hannah Troy, presenting a collection of strictly feminine fall fashions for the nation's fashion press.

The new clothes for fall shown by Mrs. Troy and most other New York couture designers prove that women do dress to please men, after all. The loud cries of male anguish which greeted this summer's sack dresses, which made most women look like an unmade bed, have been headed by the gals who set the pace for American fashions.

So there are no more shapeless chemises in view, no more of the grotesque silhouettes which suggested national mass pregnancy. Instead, designers have shaped and modified the unfitted silhouette into such a variety of styles that any woman should be able to find a flattering wearable outfit for fall.

Most popular with Mrs. Troy and others slated to preview fall collections this week is the high-waisted Empire line. It is shown in both slim and flared versions with accents just below the bust in the form of loose belts, bands or other trimming.

For calculated allure, consider Hannah's short evening dress in ice blue satin, with "pouffant" skirt and ostrich hemline, worn with a matching coat.

"Now that women are showing their legs again," says Mrs. Troy,

"interest shifts to the hemline—and can you imagine anything more intriguing than a moving, fluttering fringe of ostrich about a pair of beautiful American legs?"

Male designers also go along with the more feminine, graceful look for fall, including Paul Farnes, who shows a series of new-looking and wearable costumes combining fur-collared tweed jackets with slim Empire dresses.

The collection at the New York house of Christian Dior, the second designed by young Yves St. Laurent, features the "Liberty Line," and tends toward modifications of his trapeze silhouette of last spring. The clothes are youthful and in most cases highly wearable, with big-collared, bulky coats and jackets shown for daytime wear.

In the suit collections jackets are short and unfitted, with wide draped collars, big bows and other neckline accents. Sometimes fabric bands are used belt-wise on jackets to accent the high-waisted line.

There are many short evening gowns with dome or bell shaped skirts, many with a huge bow and sash at the bust, front and center, with trapeze drape falling from shoulders to hem in back.

"Dancing Nymph"

Third in a Series
NEW YORK (AP)—The "Dancing Nymph" silhouette is Cecil Chapman's latest contribution to the field of feminine skulduggery after dark.

Shown in both cocktail and long evening gowns, it is based on a slender sheath, with cocoon-shaped puffed panels caught under at hipline or hemline, for high-ly dramatic effect.

The glamor designer follows the season's trend to Empire waistlines, but puts her heart into such man-traps as a long, slender, white brocade evening sheath with long, tight sleeves, a revealing

Blouse Fashions for College

Cottons Shine
In Flowers,
Stripes, Plaids

BY GAILE DUGAS
NEA Women's Editor

NEW YORK—(NEA)—Going back to college this fall in a burst of color and glory is the cotton blouse.

The blouse and the shirt are items indispensable to the coed. Most college girls collect them in much the same way that they amass sweaters and skirts.

This fall, they'll have a chance to pack paisley prints, flower prints, stripes, foulard prints and plaids in their suitcases as they head back to the campus.

This fall, the blouses designed for college wear show an easy fit, often are worn outside the skirt rather than tucked in. Back interest is achieved through banding, belting and cocoon blousing.

We show here two campus-bound blouses designed for the budget-minded coed by MacShore. Blouse with cardigan cut (left) is in foulard print, has tie that can be knotted high or low. The paisley pullover (right) is worn here with long-sleeved shirt. It has the easy fit of a sweater.

"Everyone at our house," says Mrs. Dorothy Farnham of Hemlock St. Ext., RD 1, Warren, "appreciates being able to take a nice hot bath whenever they like."

"That's probably the big reason why I'm so pleased with our electric hot water heater. Even though I've used hot water for laundry, dishes or cleaning, there's always plenty left. It's such a relief not to worry about hot water. And my husband thinks it's wonderful that we have the convenience of an electric water heater at such low cost!" Adv.

Linnea J. Lindmark Becomes Bride Of Dr. Manuel Amil in Church Rite

Linnea Josephine Lindmark, daughter of Mr. and Mrs. Carl J. Lindmark of Warren, became the bride of Dr. Manuel Amil, of Dallas, Texas, son of Mr. and Mrs. Manuel Amil of San Juan, Puerto Rico, in a ceremony performed in First Baptist church here.

Dr. H. H. Barr performed the double ring ceremony at 5:00 p. m. in a setting of palms, white delphinium, gladioli and carnations. Mrs. Royce Black played a half-hour of organ music and accompanied Donald Owens, who sang "The Sweetest Story Ever Told," "The Lord's Prayer" and "O Perfect Love."

Escorted by her father, the bride was lovely in a princess styled gown of dotted swiss nylon over baby blue and carried a lace-covered white Bible with a cascade of white roses and lily. The gown's bouffant skirt fell floor length into a chapel train, her fingertip veil was edged with Irish lace and was attached to a crown of ruffled lace.

Her matron of honor and only attendant was her sister, Myrtle Williamson of Fort Worth, Texas, who wore a white dotted organza over pink taffeta and carried a cascade of pink roses and blue delphinium. A small pink headband, with Irish lace ruffling, completed her outfit.

David Amil, aged six, was the ring bearer; James Wright, brother-in-law of the bride, served Dr. Amil as best man; ushers were James Edgett of Warren and William Black, Cleveland, O.

The bride's mother, in a soft

Gathered From The Party Line

Miss Leota Barrett has returned to Montebello, Calif., after spending some time with her parents, Mr. and Mrs. Hugh Barrett, Warren - Jamestown road.

Mr. and Mrs. Gordon L. Armstrong are here from Michigan to visit at the home of his mother, Mrs. Martha Armstrong, 116 Canton street.

Mr. and Mrs. Floyd Passinger and family, Youngstown, O., are vacationing at the home of her mother, Mrs. H. D. Allen, East street, and with his mother, Mrs. Eva Passinger, Hertzel street.

Mr. and Mrs. Edward Korb and sons, Larry and Timmy, of Garden Grove, Calif., are visiting his parents, Mr. and Mrs. Stanley Korb, 113 Willoughby avenue.

Mr. and Mrs. Frank Hohn, West Haven, Conn., arrived Saturday to spend two weeks with her sister, Mrs. Charles Dietsch, 65 Mohawk avenue.

Mr. and Mrs. George Schweitzer, Lakeland, Fla., have come north for the summer and are visiting friends and relatives in town.

Russell B. Stoner, secretary of the Senate appropriations committee, drove Senator L. E. Chapman here from Harrisburg Monday and spent two days at the Chapman home. They were in Erie Tuesday and Mr. Stoner returned to the state capital today.

COLE HILL

COLE HILL—Mr. and Mrs. Loyal McAvoy, Patricia and Geraldine Hannah visited Mr. and Mrs. Neil McAvoy at Kane. Mr. and Mrs. Charles Benedict and Loretta Wozniak took Clarence Benedict to Buffalo Airport to return to his training at Fort Hood, Texas.

In California
Mrs. Vida Ugard, 239 Pennsylvania avenue, west, has received word of the arrival of another great-grandson, born to Mr. and Mrs. Terry Highhouse in California. The father is the son of Mrs. "Sis" Highhouse and the late Edward L. Highhouse, Jr., and grandson of Mrs. Ugard. Young Jerry Rae has a sister, Kellie Kathleen, and two brothers, Terry Allan and Larry Joe.

ANIMAL AGONY
Seven part collie pups, four weeks old. Four males and three females, black and white. Phone 4359.

Magistrates Ask Juvenile Age Be Reduced to 16

ATLANTIC CITY, N.J. (AP)—The Pennsylvania Magistrates Assn. adopted a resolution at its 60th annual convention Tuesday asking that the state law be changed to reduce the juvenile age from 18 to 16 and making parents responsible for any damage caused by their children.

In another resolution, the association asked that in a proposed revision of the state constitution, controversial issues be submitted separately instead of together.

Some of the proposed changes would require peace justices to be "learned in the law" or let county courts handle the work they now do.

State Superior Court Judge Robert E. Woodside told the group that these were the views of "extremists". The jurist is chairman of the constitution revision committee appointed by Gov. George M. Leader.

Some 1,800 delegates representing the state's 6,000 magistrates are attending the convention which concludes today.

Midget Magnet Is Used as a Super-Cooling System

By RENNIE TAYLOR
AP Science Reporter
BERKELEY, Calif. (AP) — A magnet the size of a suitcase which uses more power than the propellers of a guided missile submarine was unveiled here today.

The little giant has gone to work as a supercooling instrument, reducing small samples of matter to temperatures approaching absolute zero.

The object of the magnet's work is to determine the properties of substances when virtually all the heat has been pumped out of them. Many materials have been reduced to temperatures only a few degrees, or even a small fraction of a degree, above absolute zero.

In this condition the substances do strange things. Helium, normally a gas, climbs the walls of its containers when it is reduced to a liquid only two or three degrees above absolute zero. A strip of steel will shatter like glass. A piece of rubber band becomes so hard it can be driven into a plank like a nail.

The new magnet is the first major piece of equipment in a fantastic laboratory headed by Prof. William F. Giauque at the University of California. It cost about a million dollars, or only a few thousands less than the laboratory itself.

Financing for the instrument was supplied by the Office of Naval Research, the National Science Foundation, and the Atomic Energy Commission. The university appropriated \$1,025,000 for laboratory, which has been eight years in building and still is incomplete.

Prof. Giauque is a Nobel prize winner. He received that honor in 1939 for perfecting his magnetic method reducing temperatures. His work holds enormous possibilities for learning more about the nature of matter.

His magnet is the first to operate continuously at its rated strength, which pulls 10,000 horsepower out of the electric lines. By contrast, a guided missile submarine has a shaft horsepower rating of only 6,500.

Simplicity Keys Summer Beauty

Looking fresh, crisp and pretty in the humidity and heat of summer means that hair, skin and clothes must have the special look of absolute cleanliness. Most of us can give the iron a summer vacation to some degree with so many dripping fashions on hand. But we can't neglect soap-and-water, particularly with this summer's slick white nautical styles.

To look crisp and fresh in the summer is a chore in itself, and requires careful planning.

During the cool months, your skin will look fresh for hours after a thorough cleansing and a careful make-up job. But because of the summer heat and humidity, your skin requires more care. Dust and dirt are inclined to cling, and a grime-streaked, shiny complexion is not a pretty sight to behold.

The wise woman, whether she is spending the dog days at her desk in an office or on vacation at the seashore, will keep a cooling astringent on hand, together with a supply of cotton, for facial touchups during the day.

Make-up, too, must be checked

more frequently, for the heat often causes lipstick to smear and mascara to run.

Summer also presents a hair problem. Elaborate hair styles fall flat and are impossible to maintain, especially if you enjoy swimming and other summertime sports.

A gal's best bet, if she wants to enjoy all the fun summer offers, is a short, simply-arranged hair style that can be easily combed into place, and a soft permanent in her hair doesn't wave naturally. She can save the fussy hairdo for cooler weather.

Your wardrobe for the hot days of summer should be care-

Sex coat (left) in white duck, has nautical trim of colored braid. It goes over swimsuit, pants or a narrow dress. Nautical accessories (center), including rope belt with anchor fastening, get light brush-off with soft brush and dry soap-suds. Brunch coat (right) is no problem to launder since it is devoid of frills or fuss, takes no ironing.

fully planned too, so that you can look well-groomed without spending hours over the ironing board.

There are so many pert and pretty fashions for warm weather that need little or no ironing. And they hold up well in spite of the heat.

For both city and vacation wear, this season's crisp, colorful nautical fashions add color and fun to your wardrobe.

The emphasis is on white, with red and navy trim, and the virtue of these nautical styles lies in their simplicity. They present no laundering problem, for there is no fluff or frill to bother about. There are sheaths, blouses in the nautical mood for street and office wear, and pretty, boxy sea-coats and play suits for resort wear.

Accessories, too, can be had in the same motif—belts and collar and cuff sets with navy and red braid trim. And they're all sud-sable.

In addition to the nautical styles, there are a score of crisp, pastel daytime dresses and filmy, glamorous fashions for evening wear, all of which look fresh and new after a hand washing in warm suds.

To get yourself a simple, easy-to-manage hairdo, and choose your clothing with an eye to glamor and less work. You'll enjoy every minute of summer playtime—and look mighty pretty, too.

FCC Told Town Antenna Systems Do Not Interfere With Local TV Broadcasting

(Publicity release from the Warren Television Corporation).

Joining with 315 community antenna systems and its National Association, the Warren Television Corporation recently told the Federal Communications Commission that community antenna television systems like itself have assisted in the extension of TV reception service to small cities and towns which would not otherwise have any, or adequate, television reception.

The Commission was told that community antennas furnish television to three-fourths of the people in rural areas who are receiving television by means other than local TV stations. The antenna people also told the Federal agency that community antenna systems in moderately small towns—approximately 15 to 25 thousand people—encouraged local groups to build stations in what otherwise would be a marginal television market.

Local TV stations, community antenna systems and transmitters, the group told the Commission, have formed an effective partnership to meet the Commission's goal of furnishing the maximum amount of television reception to the largest number of people.

The advice to the Commission came as a result of complaints made by a few small-town TV broadcasters who had asked the Commission to restrict community antenna operations in order to protect the broadcasters from the competition of other TV stations received on the community antennas.

The cable companies urged that the Commission do nothing to prohibit the right of the public in small cities and towns to receive television on community antenna systems.

The community antenna system operators told the Commission that their relations with the TV broadcasters were generally excellent, and that studies of the 83 TV stations that have gone off the air clearly indicated that competition from community antenna systems has not been responsible in one single case for forcing a station off the air. They pointed out that the community antenna system actually fostered the development of small-town local TV stations by providing a ready-made market of TV sets which encouraged the operators of the stations to begin operations.

Of the 600 community antenna systems in the country, only 37 are located in cities with a local TV station, and in the large majority of cases, they were in operation before the local station went on the air.

The community antenna television operators told the Commission that the entire industry served slightly over 1,500,000 viewers, less than one per cent of the total television viewers, but that they provided a necessary service in extending television into the fringe areas, where, without community antennas, people would receive little or no television at all.

SIX EMERGENCIES

Among those who received emergency treatment at Warren General Hospital Tuesday were: Benjamin Obinger, 301 Park street, injury to right fourth finger; David Bean, Clarendon RD 1, injury to back; John Peterson, Youngsville, injury to left shoulder; Larry Highhouse, Sheffield, laceration of right knee; David Coates, 107 Canton street, small laceration left arm; Carol Ann Tremblay, Warren RD 2, severe laceration of right wrist.

The Mature Parent

Parent Must Resist Desire To Shield Child's Anxiety

BY MRS. MURIEL LAWRENCE

On Thursday Dot had a fight with Arline, her best friend, and said, "I'll never speak to you again as long as I live!"

On Friday a girl named Clara came over to play. She was a hope. She said "all right" to everything and made no protest when Dot cheated her out of her turn at skipping rope.

By Saturday Dot was poignantly missing Arline's companionship and had begun to fear she'd lost her friend forever. She moped so anxiously around the house that her mother suggested, "Why don't you phone Arline and ask her over to supper?"

"Would you phone her mother and ask if she can come?" Dot said.

"No," replied her mother. "But I'll stand beside you while you phone Arline and tell her you'd like her to come."

She kept her word. And watching Dots strained face as she dialed Arline's number, she felt the mixed yearning and peace we always feel when the child we love risks himself in the little adventures which we know will develop his power to risk himself in big ones.

And she was rewarded. For the moment Dot spoke the difficult, truthful words, "I'd like you to come to supper tonight," the look of anxiety on her face gave way to one of relief and joy. Hanging on her recovered friend, she turned to her mother crying happily, "She's coming, Mommy, she's coming!"

Some of us can't stand a child's anxiety at the prospect of taking responsibility for himself. So we take it for him, speaking up for him to his friends, his teachers and relatives.

"Children do not thrive on this protection.

So for parents who feel obliged to give it, I quote from a new book that may well become a classic in psychoanalytic literature. It is entitled "Existence," and in it Dr. Rollo May, a specialist in anxiety, writes these words of deepest meaning:

"If there were not some potentially crying to be born in the individual, if he did not have some freedom to fulfill it, he would not experience anxiety."

Dot's anxiety over her power to recover her friend was her still unborn awareness that she could exercise it. All she needed in order to exercise it was her mother's loving support.

Satellites of Near Future Look Like Flying Saucers

By RENNIE TAYLOR
Associated Press Science Writer
MOFFETT FIELD, Calif. (AP) — There ARE some things that look like flying saucers.

Shiny, hollow spheres 12 feet in diameter. Smaller ones 2½ feet across. And a saucer-shaped affair 30 feet in diameter is on the drawing boards. Some of various shapes as large as 100 feet in diameter have been proposed.

These are satellites of the very near future. Some of them have been suggested for use as interplanetary craft and for voyages to the moon.

Those already completed belong to the National Advisory Committee for Aeronautics, a government agency. Motion pictures of the first ones to be tested around were shown Monday for

the first time at the triennial inspection of Ames Aeronautical Laboratory, an NACA installation.

Made of thin, tough plastic and covered with aluminum foil, these objects are featherweights. The 12-foot sphere weighs only nine pounds. The 2½-foot sphere weighs 11 ounces.

When they are shot into space by rockets they will be folded into packs no larger than a woman's handbag or a small suitcase.

Once at the desired altitude they will be inflated by a small cartridge containing nitrogen.

As space vehicles these creations will carry instruments for measuring the magnetic and gravitational fields of the earth, giving scientists new information on the shape of the globe and its internal makeup. They will supply new

News of Hollywood

By BOB THOMAS
AP Motion Picture Writer

HOLLYWOOD (AP)—There are two ways to combat a studio—the Clint Walker way and the James Garner way.

Both have a mad on at their employer, Warner Brothers. Both are TV-spawned stars. Walker found fame as Cheyenne, Garner as Maverick. They are hefty, handsome bruisers who feel they are overworked and underpaid.

Walker climaxed his disfavor with the studio by walking out of the Cheyenne series. He announced he was going to sit out the contract and went gold prospecting in northern California. The studio put a new boy, Ty Hardin, into the starring role in the series.

Garner is equally sore at his contract. A columnist reported that Jim was earning \$1,500 a week and commented that it was peanuts for a TV star of his stature.

"If he knew what I was really earning," Garner corrected, "he'd

think it was the peanut shell." He wouldn't disclose what the amount was. But he claimed he has earned as much in other lines of work.

Yet Garner isn't duplicating the Walker walkout. Far from it. He is well into the new season's product on Maverick. And he's now performing in a feature film, "Up Periscope." But not before he staged a minor sitdown strike to get a script rewrite.

"I don't have script approval in my contract," he said, "but I managed to get my point across. The script is far better than the one I was first offered."

"As for other contract matters, I intend to live up to what I signed. I don't intend to tell Clint how to run his business. But as for myself, I signed the contract. It wasn't a good one, but I signed it. If necessary, I will serve out the full five years."

But, he added with the familiar Maverick grin, "I think the studio is stupid not to give me a new one."

weather information. Some of them may act as reflectors of radar and television waves, greatly increasing the range of those facilities.

Others, the NACA said, will be designed as collectors of solar energy, constituting experimental power plants in the sky to run their own instruments.

CORYDON

CORYDON—One of the largest rattlesnakes ever killed in or around this place was reported over the weekend by Glenn Turner, who got the reptile just a short distance south across the Pennsylvania Railroad tracks from the Tanner home. The big snake carried nine rattles and a button. Minus its head, it measured 54 inches, and, after skinned and stretched, measured 64½ inches.

Mr. and Mrs. Will Williams, Mr. and Mrs. Ed Guthery, from California, have been visitors at the home of Mr. and Mrs. J. K. Crooks.

A daughter was born July 9 in WCA Hospital to Mr. and Mrs. Paul Burch, Onoville.

Mrs. Willie Luce, Onoville, and Emma Jean Zdancevich, Corydon, have returned from Brady, Neb., where they visited the former's sister, Nancy, and family.

Mrs. Grace Lubold, Warren,

has been a visitor at the home of Mrs. L. R. Stryker.

Mrs. Marjorie Marsh, Kennedy, N. Y., was a Sunday caller of Mrs. G. A. Prue.

Mr. and Mrs. Arthur Bradley have returned to Akeley after a weekend visit with Mr. and Mrs. George Akers and Mrs. Olive Fair.

Mrs. Lida Wilcox is home after a stay with Dr. and Mrs. Ivan Day in Detroit, Mich.

Mr. and Mrs. Paul Stoddard and children, Newfane, N. Y., are vacationing at the home of Mrs. A. M. Kraft.

Gerry and Linda Swift have returned to Derby, N. Y., accompanied by their parents, after vacationing at the Clyde Ladd home.

Mrs. Gerald Peck, Warren, will entertain the Ladies Aid Society of Corydon at her home on Wednesday.

A large number of persons attended the ox roast held Sunday in Williams Grove by the fire department. Auxiliary members were in charge of the food.

Mr. and Mrs. Fred Davis and son spent the weekend in Pittsburgh.

Mr. and Mrs. Lee Goldsborough and son, of Narberth, are spending a 10-day vacation at the Reid cottage.

President Woodrow Wilson is buried in Washington Cathedral, Washington, D. C.

Mirrored in Our Times

Well, the porch is painted; rugs clean; furniture in place and for a brief moment it looked mighty fresh and inviting. Then the rains came, and with it the many friends of our kids who indulged in a bit of rock 'n' roll and we haven't quite had the courage to look at the front exterior since! Not only that, the second annual Black Diamond Rodeo is in rehearsal stage so passersby at the now famous vacant lot will certainly catch an initial performance this evening (if it doesn't rain again). They tell me there's a Friday p. m. show scheduled but anything can happen between now and then. We admit that the kids have a great time, but it's apt to be a bit rough on the particular parent living in the midst of it. Not only that, the dog wants to get in the act and expresses himself sharply with every record change.

We've watched some TV so far this summer—the commercials leading up to tall glasses of iced tea to quench thirst and keep cool have been very effective. A new dramatic show—"Decision"—placed special emphasis on the effect of heat on certain people (and we firmly believe that we're one of them—the odd characters, that is). Seriously, this spell of hot and humid weather has been rather hard to take—even the rain fails to cool things off sufficiently and most everyone is interested in anything that will have a cooling effect! We aren't about to recommend a special type of air conditioner or a fast tour of the Arctic. What we are enthused about is a fairly simple, very, very, cool remedy for the hot summer mornings, afternoons or evenings. It's cologne, ladies, any of the delicious, delightful, delectable and wonderful refreshing cool colognes.

A spray—a touch of fine cologne has the cooling effect that you desire. There are so many exquisite fragrances featured today at The Warren Drug Store. Fresh scents in every attractive container at every attractive price by every famous perfume creator. To keep cool keep cologne handy at all times—use it for comfort and for that truly feminine effect that every woman hopes to achieve. There's a special one just for you!

We haven't been appointed press agent for CVCC, but can't help handing out deserved bouquets. A charming lady golfer from Corry was very outspoken in her praise of the junior golf program now a club institution. Too few similar organizations appreciate that their future rests with the interest developed at an early age. Golf pro Freddy Lindstrom does a fine job with group instruction, and the kids sure look promising.

Do you remember the so-called "good old days"?—We don't mean the Gay Nineties or the Roaring Twenties either. We mean the days (not so long ago) when men still sweltered during the summer months because light-weight, washable miracle fabrics hadn't yet been invented. What a difference today—for the men, because they can be well groomed, yet cool and comfortable at all times; for the women, because the matter of keeping men's clothes clean and ready is so much simpler. Little or no ironing is required; colors are fresh and stay that way. Drip and dry fashions are better this year than last—so everybody is happier.

Everyone is happier when the man of the house selects his warm weather wardrobe at The Style Shop. Morning, noon and night, he looks and feels just right in "the best in menswear." Quickly washable; let drip and dry—ready-to-wear with the minimum of effort. There's also a minimum of effort required as to the matter of happy selection. You'll find what you want at The Style Shop!

P.S.—Just looked at the front porch and, much relieved, must admit that the lads and lassies put everything back in order.

Officers Elected By Legion Post At Sugar Grove

SUGAR GROVE — At the regular meeting of Sugar Grove Post 758, American Legion, the following were chosen to serve as officers in the coming year: Commander, Richard J. Mack; first vice commander, Roscoe Knapp; second vice commander, Kenneth D. Frank; adjutant, Robert G. Hunzinger; assistant adjutant, John R. Taylor; finance officer, Frank T. Gorman; chaplain, Clayton A. Seamans; assistant chaplain, Norman C. Cobb; historian, Allden Stearns; service officers, Robert G. Hunzinger and William Lester; sergeant-at-arms, William B. King.

Mrs. J. F. Lore entertained at a bridge luncheon Monday.

Guests were members of Bridge Club, with Mrs. Donald Haggerty, Jamestown; Mrs. Harriett Northrop, Mrs. Delmar Mickelson and Mrs. Gerald Miller. Mrs. F. A. Schoonover received high score for the three tables in play. Tables were attractive with flowers and there were pretty gift packages for the guests. Carrie Sue Beyer, of Beaver, granddaughter of the hostess, was also a guest.

Carnell Swanson entertained NR Club, with Mrs. William Lester and Mrs. Scott Stuart, Sr., as guests.

Mrs. Chester Mason was hostess to Embroidery Club members, with Mrs. Dunkle, of Florida, as a guest.

Mr. and Mrs. Delmar Mickelson attended the annual picnic-meeting of Warren County Rural Letter Carriers at Island Park in Youngsville Sunday.

Mr. and Mrs. Albert Zender and young son, Charles, of Fostoria, O., have been recent guests of their grandmother, Mrs. J. A. McIntosh.

Mr. and Mrs. Arthur Cody spent the weekend with their brother, Bert Cody, and wife at State College.

Mr. and Mrs. Burt Schoonover, Nancy and Wayne Schoonover, were picnic-supper guests of Mr. and Mrs. Kenneth Kerby at Bemus Point Sunday.

A.P. Staffers on the Move to Hot Spots In the Middle East

AP staffers are on the move to new hot spots throughout the Middle East.

They include: Reiman Pat Morin, double Pulitzer prizewinner, who has been covering the French and Algerian developments since May.

William L. Ryan, foreign news analyst who has been on a roving Mideast assignment for six weeks.

Dick Kasischke, chief of the Vienna bureau and former AP bureau chief in Moscow.

The AP's present staff in Beirut is headed by Edwin Shanke, a veteran of more than 20 years abroad with The AP, who was in Berlin

when the U. S. entered World War II. He was in the London bureau during the war. His most recent military assignment came during the Suez invasion.

Also in Beirut is Wilton Wynn, who has been AP correspondent in Jerusalem and Cairo as part of more than a decade in the Middle East. Stan Carter, who saw war duty in Korea, and lately has been in Beirut, has been sent to Damascus.

Fruit Flies Used For Studying of Fallout Results

By THE ASSOCIATED PRESS
AUSTIN, Tex. (AP) — Human populations could recover from the effects of heavy radioactive fallout from thermonuclear bombs but it might take 500 to 900 years, two University of Texas scientists said Friday.

Dr. Wilson S. Stone and Florence D. Wilson reached this conclusion from a study of fruit flies. The flies were exposed to direct radiation at Bikini, Rongerik and at Ponape in the eastern Caroline Islands.

All the islands are in, or near, the U. S. government's Pacific proving ground area. The university geneticists conducted their study under contract with the Atomic Energy Commission.

"Descendants of men who survive on the fringe of thermonuclear bomb target areas would have to evolve through 26 to 40 generations before evidence of severe genetic damage to the human species is erased," Dr. Stone said.

"Time span required for development of 26 to 40 human generations would cover 500 to 900 years."

The geneticists outlined their investigations in an article published by the National Academy of Science.

They said it was assumed that the radiation damage to man's reproductive system would parallel the damaging effects that direct radiation and radioactive fallout at Bikini had on the fruit fly's genetic system.

OBITUARIES

FUNERAL INFORMATION WILL BE FOUND UNDER ANOTHER HEADING

Memorial for Ira J. Hoff Is Largely Attended

IRA J. HOFF

Memorial services for Ira Julian Hoff, long a well known figure in this community, were held at 3:00 p. m. Monday, conducted by the Rev. Donald H. Spencer, of First Presbyterian church. Serving as bearers for interment in Oakland cemetery were Harold M. McNulty, Allan Koebeley, Gerald McCune, Gerald Coates, Paul Yagge and Ralph Owens.

Those who were in attendance from away included Mr. and Mrs. Franklin R. Hoff, Memphis, Tenn.; William J. Hoff, Dorine Kronenwetter, Buffalo, N. Y.; Rowell S. Hoff, Glen Burnie, Md.; Ramon B. Hoff, Chicago, Ill.; Mr. and Mrs. L. G. Stroupe, Clarion.

Mr. Hoff, who died at 1:30 a. m. July 12 in Meyers Memorial Hospital in Buffalo, was preceded in death in 1938 by his wife, Harriet Rowell Hoff. At the time of his death, he was living with his son, William, in Buffalo.

Surviving are two sons, Franklin Rowell Hoff and William Julian Hoff; two grandsons, Rowell Stroupe Hoff and Ramon Brewster Hoff; also

three great-grandchildren, Randy S. Geoffrey 3, and Pamela 2, children of Mr. and Mrs. Rowell H. Hoff.

Ira Julian Hoff was born in Des Moines, Iowa, February 17, 1887, the eighth of 11 children born to William and Isabel Walker Hoff. A graduate of Drake University in Des Moines, he was a civil engineer and architect.

He was serving as a member of the faculty of the Business Education Department at Drake when he was appointed head of the Business Administration Department of Central Christian College in Columbia, Mo.

Mr. Hoff came to Warren in 1899 to be principal of the Commercial Department of the Warren Business University. In 1902, he founded his own school, The Hoff Business College, which he sold some years ago, following his retirement.

Mr. Hoff was a charter member of the University Christian Church (Disciples of Christ) of Des Moines, and, after his arrival in Warren, became a member of First Baptist church, serving it as deacon, church clerk, teacher of a teen-age class of boys in its Sunday school.

An active member of the YMCA, he was also an active figure in many civic betterment enterprises, and had been a lifelong crusader against the liquor traffic.

In recent years, Mr. Hoff had traveled extensively by motor throughout the North American continent, visiting relatives and his many friends, including former students. It is recalled that on his last birthday, his 91st, Mr. Hoff received over 250 greetings.

George H. Clifton, 409 Prospect street, died at his home at 2:10 a. m. today after a brief illness.

Born August 29, 1870 at Welsh's Dam, England, Mr. Clifton came to this country at the age of 16 and lived in Tidoute before coming to Warren 29 years ago. He was employed for many years as a pipe-fitter for area oil refineries. A member of First Baptist church, he was also affiliated with its Mitchell Bible Class, and was a charter member of Mountain Grange of Tidoute.

Surviving are his wife, Minnie; two daughters and two sons, Mrs. Mary Zerbe, Mrs. Georgie Dove, Ben G. Clifton and Howard Clifton, all of Warren; also eight grandchildren and two great grandchildren. Two other daughters preceded him in death.

Funeral services will be conducted at 1:30 p. m. Friday by the Rev. Paul Obinger, of Calvary Baptist church, with interment following in Tidoute cemetery.

MAX MERRILL GAGE
Final rites were held at 2:30 p. m. Sunday at Chancellors Valley EUB church for Max Merrill Gage, the Rev. Floyd Martin, pastor, assisted by the Rev. Earl W. Mattison of Dewittville, N. Y. Eugene Spencer sang two selections, "Jesus, the Very Thought of Thee" and "Wonderful Morning," with Mrs. Spencer at the piano.

Serving as bearers were Harold Griggs, Lawrence Work, Perry Swanson, Kenneth Loomis, Raymond Lawson, Jr., and Charles Black. Honorary bearers were members of Mr. Gage's Sunday School class, Richard Gantz, Jerry Trask, Clair Black and Raymond McMillen. Members of his baseball team attended the service as a group and formed a guard of honor at the graveside.

Present from out of town were Mr. and Mrs. Julius Marinko, N. Y.; Harold Johnson, Springfield, O.; Mr. and Mrs. Kenneth Swanson, Youngstown, O.; Mr. and Mrs. Alton Wagner, Nyack, N. Y.; Mr. and Mrs. Fred Johnson, Mr. and Mrs. Paul Mowrey and Children, of Erie; Mrs. Charles Ghering and son, Mr. and Mrs. Walter Viele and daughter, of Franklin.

Also Mrs. Hilda Reed, Mrs. John Watts, Sheffield; Mr. and Mrs. Raymond Reed and daughter, Hammondsport, N. Y.; Mr. and Mrs. Clair Rice, Ervine Rice, Mrs. Eva Edmunds and daughter, Mr. and Mrs. James Peters, Bradford; Mr. and Mrs. Howard Ritz, Mrs. Strokes, Rev. Mr. and Mrs. Edwin Warfle and son, Mr. and Mrs. Norman Warfle, Smethport. Mr. and Mrs. Gerald Bagley.

Corry; Mr. and Mrs. Ida Smith, Union City; Mrs. Ida Swanson, Warren; Mrs. Emily Peterson, Fred Gage, Bemus Point, N. Y.; Mr. and Mrs. Charles Gage, Dunkirk, N. Y.; Mr. and Mrs. Ernest Smith, Mr. and Mrs. Gordon Johnson, Mr. and Mrs. Ralph Newell, Mr. and Mrs. Charles Lindquist, Mr. and Mrs. Donald Peterson, Jamestown, N. Y.

Also relatives and friends from Busti, Ashville, Lakewood, Jamestown and Falconer, N. Y.; Kaneville, Youngsville, Pittsfield, Warren, Russell, Akeley, Cable Hollow, Lander, Sugar Grove and Chancellors Valley.

MARGARET A. MORRISON
Mrs. Margaret Ann Morrison, 78 year old resident of Russell and widow of Solon P. Morrison, died at Warren General Hospital at 3:05 p. m. Tuesday, having been in failing health for some time.

Mrs. Morrison was born in Marienville April 16, 1880, but had been a resident of the Russell area for the past 14 years.

Surviving are the following children: Mrs. John Wallace, Kinzua; Ben Morrison, North Clynner, N. Y.; Millard Morrison, Jamestown, N. Y.; Mrs. Vera Shaw, Russell; and Charles R. Morrison, Akeley; also one sister, Mrs. Lydia Tugwell, Warren; 28 grandchildren, 35 great-grandchildren, and a number of nieces and nephews. Her husband preceded her in death in 1951; a son, Ralph, in 1920, and a daughter, Mrs. Mary Dennison, in 1931.

Funeral services at 2:00 p. m. Friday will be conducted by the Rev. H. L. Cartwright, pastor of Emmanuel Baptist parish of Starbrick, and will be followed by interment in Kinzua cemetery.

MILTON H. CAUGHEY
Milton Hazeltine Caughey, practicing architect in Los Angeles, Calif., and son of Mr. and Mrs. Francis M. Caughey, 10 Fourth avenue, Warren, died suddenly Tuesday in the western city. Death was attributed to a coronary.

Services and interment will take place in Los Angeles, with a more complete obituary to be published later.

MISS OLARA WERLE
Miss Clara Werle, 112 Crescent street, died early this afternoon in Warren General Hospital, where she was formerly employed for many years. She had been in failing health for some time. A complete obituary and funeral arrangements will be published tomorrow.

JAMES F. FARR
SHEFFIELD—James Francis Farr, 103 Oak street, died in his sleep at his home this morning. He had been in failing health for the past two years.

Mr. Farr was born in Sheffield June 29, 1880, the son of James and Esther Farrell Farr. After engaging in the barbering profession for many years, he was appointed Sheffield postmaster, a post he held until his retirement in 1942.

On June 17, 1908, in St. Joseph's church of Warren, he was united in marriage with Josephine Corbin, who survives, along with the following children: James E. Farr, Kane; Mrs. Mary Cronmiller, Mrs. Helen Moran and Joseph Farr, Sheffield; Jack Farr, Erie; and Jerry Farr, with the U. S. Navy at Jacksonville, Fla. There are also 11 grandchildren; one sister, Mrs. Eugene Gibault, San Diego, Calif.

Funeral services are incomplete and will be announced later.

MRS. SAM MORRISON
Mrs. Freda Mae Morrison, wife of Sam Morrison, 423 Hickory street, died at 12:35 p. m. Tuesday at the Keystone Nursing Home. She had been in ill health for some time, but had been in the nursing home only a week.

Mrs. Morrison was born in Clarion county January 10, 1897, but had lived here most of her life. She was a member of First Presbyterian church; Order of the Amaranth; and American Legion Auxiliary.

Besides her husband, she leaves two sons, Emmett, of Warren, and Charles, Detroit, Mich.; one daughter, Mrs. Florence Hodgson, Kansas City, Mo.; four grandchildren; two brothers and one sister, John Hornbaugh, Erie; Sam Hornbaugh, Kittanning; Mrs. Neil Fleming, Shreveport, La. The Rev. Donald H. Spencer, of First Presbyterian church, will conduct services at 2:30 p. m. Friday and interment will follow in Warren County Memorial Park at Starbrick.

Times Topics

ROUTE 957 BID
Harrisburg — State Highway Department Tuesday awarded a \$248,241 contract to E. M. Brown, Inc., of Clearfield for 4.13 miles of improvements to Route 957 extending from Russell toward Lander past Eisenhower High School.

CAR FIRE AT JIM'S
The emergency truck sped to Jim's Used Car Lot at 3 Pennsylvania avenue, east, at 9:21 p. m. Tuesday when the wiring in a Volkswagen shorted. Damage was estimated at \$10.

COUNTY DIRECTORS
Warren County Board of School Directors will have its regular July meeting at 10:00 a. m. Thursday in the office of the county superintendent of schools, John Mallory, in the court house.

POLICE PICNIC
It's picnic time again for members of the Warren County Auxiliary Police Association, and notices to that effect have been mailed out. According to a committee member, failure to receive a notice may be due to either an error in the mailing list, or deficiency in the matter of payment of dues.

ACCIDENTAL SHOOTING
Merrill Brown, 48, of Red House, is reported in "fair" condition today at Salamanca Hospital after accidentally shooting himself in the side Tuesday while rabbit hunting on the Complanter Indian Reservation. Warren Sheriff's Department is investigating the incident. According to reports, Bowen tripped and the .12 gauge shotgun he was carrying discharged.

MARINES TO MEET
All present and prospective members are asked to be on hand for the meeting of General Joseph Pendleton Detachment, to be held in the new Marine Home in Pennsylvania avenue, west, at 7:30 p. m. Thursday. The business session will be convened promptly at 7:45 and will consider reports and discussion of several new projects.

SCOUT DOCK OUT
The 20-foot boat dock at Boy Scout Camp Olmsted up the Allegheny River past Kinzua was floated away last night as the river jumped a foot and one-half. Scout Executive Elmer Morgan said the Civil Defense "duck" would go up this afternoon to tug the dock back to its moorings. It was found a short distance downstream. High waters flooded low-lying areas along both the Allegheny River and Conewango Creek. Both were expected to recede rapidly under today's sun.

FUNERALS
GEORGE H. CLIFTON—Friends will be received at the Peterson Funeral Home at the usual calling hours, starting at 7:00 p. m. today, and services will be held there at 1:30 p. m. Friday. The Rev. Paul Obinger, of Calvary Baptist church, will officiate and interment will be made in Tidoute cemetery.

JAMES F. FARR—Friends will be received at the Bordon Funeral Home in Sheffield, starting at 2:00 Thursday. Arrangements for services are incomplete and will be announced later.

MARGARET A. MORRISON—Friends will be received at the Templeton Funeral Home at the usual calling hours, starting at 7:00 p. m. today, and services will be held there at 2:00 p. m. Friday. The Rev. H. L. Cartwright, Emmanuel Baptist pastor of Starbrick, will officiate and interment will be made in Kinzua cemetery.

MRS. SAM MORRISON—Friends will be received at the Lutz-VerMilyea Home at the usual calling hours, starting at 7:00 p. m. today and services will be held there at 2:30 p. m. Friday. The Rev. Donald H. Spencer, of First Presbyterian church, will officiate and interment will be made in Warren County Memorial Park at Starbrick.

DE GAULLE ACTS
PARIS (AP) — Premier de Gaulle prepared today to call up more officers to fight a 31-month nationalist rebellion in Algeria.

Tension Is Mounting

(From Page One)

Fleet rod eat anchor. LSTs were pulled up to the beach. The Marines as they came ashore assembled at the airport, five miles south of Beirut. Supplies and vehicles continued to flood across the beach, watched by hundreds of holiday-minded Lebanese who came out from the city to see the show.

The Lebanese army and police, while officially loyal to Chamoun, have made no determined effort to dislodge the rebels from the Moslem quarter during the 68 days of the rebellion. Activity in Beirut has consisted mainly of frequent exchanges of firing and terrorist bombings to enforce a rebel-called general strike which has been only partly effective.

Reliable observers said the landing of the Marines should be considered a precautionary operation. "It is still basically a Lebanese show," one said. "The Marines are sitting on the sidelines in case they are needed."

Uncertainty about the purpose of their presence in Lebanon was reflected by the Marines lounging on the sunny beaches. "If we do any fighting here, we will be on the same side as the Lebanese army, won't we?" asked Pico, Angelo T. Goscili of Mount Vernon, N.Y. He was eager to know who he would be fighting against but got only vague answers.

Brig Gen. Sidney Wade, commander 2nd Marine Division, flew into Beirut and was taken on a tour of the beach by Lt. Col. Harry Hadd, the first officer to land Tuesday.

The 3rd Battalion of the 6th Regiment, the unit landed this morning, is under the command of Lt. Col. R. M. Jenkins of Runek, Iowa.

Adm. Holloway heads what is known as the Specified Middle East Command. He has Army, Air Force and Marine officers on his staff.

Naples reports said U. S. transport planes from the United States were beginning to arrive there with material for Lebanon. The airfield had been alerted to refuel a stream of transports.

Ike Promises

(From Page One)

termed the U. S. move an open act of aggression.

As for the U. S. government, more troops were reported prepared to go into Lebanon if necessary. Eisenhower informed Congress in a special message that the initial contingent of 5,000 Marines "will be augmented as required."

The Atlantic and Pacific fleets were readied for action under four-hour alert orders. The Strategic Air Command put its nuclear armed bomber forces in a heightened state of readiness.

While the President did not discuss most of these precautionary measures in his public pronouncements on the Middle East crisis, he did make clear that he hoped the action taken so far will be sufficient to support the government of Lebanon, and that nation's independence.

"We hope that this result will quickly be attained and that our forces can be promptly withdrawn," he said. "We must, however, be prepared to meet the situation, whatever be the consequences."

The United States acted at the urgent request of President Camille Chamoun of Lebanon. At the same time, this country asked the United Nations to set up an international military force to protect Lebanon's independence. If this is done, U. S. troops would be withdrawn.

The U. N. Security Council meets today to consider the request. Eisenhower compared his decision to send U. S. troops with that of President Truman in 1947 to assist anti-Communist forces in Greece. He likened the "pattern of conquest" directed against Lebanon to that by which the Communists took over Czechoslovakia in 1948 and the mainland of China in 1949, and tried in later years to take over Korea and Indochina.

In Lebanon, the President said in his message to Congress a two-month-old revolt against the Chamoun government has been backed by the official Cairo, Damascus, Syria and Soviet radios in broadcasts to Lebanon. It has also been supported by "sizeable amounts" of arms, ammunition and money as well as men infiltrated from Syria, he added. Syria and Egypt compose the United Arab Republic headed by President Gamal Abdel Nasser.

Questioning Of Goldfine

(From Page One)

Harris said the matter is outside his subcommittee's jurisdiction, and is being turned over to the Armed Services Committee. Chairman Carl Vinson (D-Ga.) of that group said, "We'll look into it."

Harris named the company as Raylaine Worsted, Inc., of Manchester, N.H., and said the dispute concerned a penalty provision relating to an Army contract awarded in 1940. The matter was settled last year.

Mother Finds

(From Page One)

suddenly realized Connie was shot. She ran into the bedroom. Patricia, 3, was on the bed. Pauline, 5 months, was in a basket. The children were dead.

Mrs. Pelton said later she ran out to the garage where her father, Carlton Brown, 45, had just parked the car. She yelled hysterically:

"We got to get help quick, the children are dead." Brian had driven his daughter to Troy Community Hospital earlier in the evening for a visit with Pauline's twin brother, Paul, who was critically ill. They had been gone about four hours. Their home is just outside Troy, about 25 miles south of Elmira, N. Y.

A police search was on for Pelton, although Bradford County Coroner Gerald Vickery said there was not much to indicate he did the shooting, beside the facts he was missing and so was his .22 calibre rifle. Police said the children had been shot with a .22, Patricia in the head, and Pauline and Connie in the stomach. Another of Pelton's three rifles, which he usually kept in the house, was found in the barn.

U. N. Urged

(From Page One)

when the U. N. troops took over.

The Soviet Union was promoting a rival proposal for the Council to demand immediate withdrawal of the Marines the United States landed in Lebanon Tuesday.

Delegates predicted the Council would vote on both resolutions by tonight.

No one expected the Soviet resolution to get the necessary seven votes for adoption, and a Soviet veto of the U. S. proposal was generally anticipated. But one delegate suggested the Soviets might abstain from voting and let the American resolution pass, preferring "a U. N. force to an American force."

Diplomatic sources said that if the Soviet Union vetoed the American resolution, the United States would not ask for a special session of the General Assembly to set up the U. N. force. Instead it would leave the Marines in Lebanon as long as it was thought necessary.

Forces Prepared

(From Page One)

tion about President Eisenhower's statement Tuesday that additional forces might have to be used in the Middle East.

McElroy said the Strategic Air Command, the Navy, and the Strategic Army Corps are alerted.

McElroy was reluctant to discuss the Middle East situation in any detail, saying he had been traveling much of the time since the crisis arose. McElroy returned in the same plane in which he left, a jet KC133 tanker. The plane flew nonstop from Hawaii to Washington, in 8 hours and 30 minutes for the 5,000-mile trip.

Increase in Old Age Benefits Moves Closer

WASHINGTON (AP) — An increase in old age Social Security benefits, together with a hike in the payroll tax, moved today toward approval by the House Ways and Means Committee.

It would mean an addition of 10 per cent, or a minimum of \$5, to present Social Security pension checks under proposals now reportedly favored by committee members. The boost appeared certain to get quick approval by House and Senate. It would be in line with an election-year pattern that has produced faster pension checks for the old folks every two years since 1952.

BUFFALO EGG REPORT
Monday — Supply moderate, demand slow, market barely steady. (Prices indicated are for sales in case lots). Prices to retailers (cents per dozen in cartons). NYS Grade A: White: Extra large 54-56, mostly 55; Large 52-53, mostly 53; Medium 48-48, mostly 47; Small 35-38, mostly 37. Brown: Extra large 53-57; Large 51-52, mostly 52; Medium 45-47, mostly 46; Small 34-37, mostly 36. Mid-Western eggs meeting

THE MARKETS

NEW YORK (AP) — The stock market advanced in heavy early trading today.

Key stocks rose from fractions to about a point on a broad front. Oils, coppers, steels and rails were prominent in the upturn. Aircrafts, chemicals, rubbers, motors and airlines were among other gainers.

Look! Gas RCA WHIRLPOOL Ice-Maker Refrigerators

Motorless! Noiseless! Thrifty! So trouble-free it's backed by a 10-YEAR GUARANTEE!

Exclusive Ice magic!

Like magic! Automatically replaces every cube you use!

No trays to fill, spill, empty, refill. The Ice-Magic gets its own water; freezes it into Ice Circles; pops 'em out on top where they dry off (won't stick together!); then dumps 'em into a table-top basket. Keeps 10 normal trays-full on hand!

SPECIAL INTRODUCTORY TRADES!

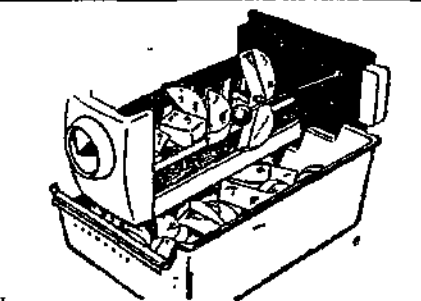

Big 11-cubic-foot combination **ICE-MAKER REFRIGERATOR FREEZER**

Quiet, please! You won't hear a sound with this new RCA WHIRLPOOL—a tiny gas flame does all the work. Chances are, you'll never call a serviceman—no motor, no moving parts to wear out. You'll never need to defrost—nor even empty the water—automatic as clockwork. (Yes, a clock defrosts it daily, and the water evaporates). Important, too—you'll never need to stack the pickles atop the tomatoes—there's extra space all over this handsome refrigerator; special compartments for temperature-mental foods; deep, wide shelves in the door; automatic ice water tap, if you wish. Golly, what a refrigerator. And freezer! Automatic ice-maker, too!

***10-YEAR WARRANTY** on refrigeration system and full-year on complete refrigerator

SLIM NEW, SMART NEW, DOUBLE-DOOR STYLING—DECORATOR COLORS OR WHITE

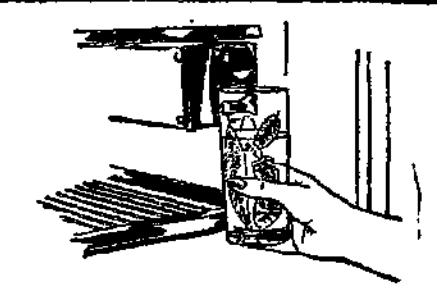

Only refrigerator anywhere with **ICEMAGIC!**

Automatically replaces every cube you use—without trays! Like magic, the Ice-Magic runs its own water, freezes half-moon Ice-Circles, pops them out so they dry off and won't stick together. Then stores them in a handsome basket. Keeps 10 ordinary trays-full!

Automatically defrosts itself! This is the refrigerator that defrosts like clockwork—a clock does the work while you sleep. You don't even need to empty the water—it all evaporates. Automatic temperature control, too—set it just as cold as you like it.

Automatic Ice Water! Optional tap gives you constant supply of fresh cold water—automatically! Separate-door freezer holds 70 pounds of frozen food. Both refrigerator and freezer have color-keyed interiors—beautifully fitted, too, with special compartments for special foods.

LIBERAL TERMS

IT'S MOTORLESS! IT'S NOISELESS! SO TROUBLE-FREE IT'S BACKED BY A 10-YEAR WARRANTY

A tiny gas flame does all the work—no moving parts to break down or wear out. Chances are, you'll never need a serviceman! Full 10-year warranty on gas refrigeration unit—plus full-year warranty on complete refrigerator. Only gas does so much—for so much less!

PENNSYLVANIA GAS COMPANY

Boyle's Comment

By HAL BOYLE

KANSAS CITY, Mo. (AP) — What makes the Midwesterner different?

There's no doubt he is. Coming from the East to the Midwest you are aware of a difference in the people who dwell in the great heartland of America. But it takes you some time to puzzle out what that difference is.

Here are a few things you may observe.

The Midwesterner seems to get as much done as anybody else, but he never seems to be in a great hurry about it. He feels that what has to be done in it. The Midwesterner loves to talk, but he prefers small talk to big talk. He seems to have an innate understanding of the fact that time has a way of punishing braggarts.

The Midwesterner doesn't believe much in hysteria. The periodic panics and alarms that sweep people in coastal areas rarely touch him. He still retains a kind of wonderful 19th century feeling of security in both him-

self and his section of the country.

The Midwesterner has a wry sense of humor based on a sound set of normal values. To him nothing is funnier than anyone or anything that lets itself get out of perspective, or, as he puts it, "too big for his britches."

The Midwesterner is self-confident in peace and makes a good soldier in wartime because he learns early to adjust to life, not as he might want it, but life as it is. He knows each winter probably will be long and cold, and each summer long and hot.

The Midwesterner, like the Southerner, is instinctively polite—although perhaps in a more informal way. He prefers to take the other fellow at his own estimate as long as possible.

The Midwesterner is automatically friendly to everyone he meets. He enjoys doing small favors. But he can also be a long hater if he feels his friendship is imposed upon.

The Midwesterner is endlessly curious. He likes to hear about how other people live, but he is slow to change his own ways—and won't be stampeded into do-

ing so.

Weather rules his existence from birth, and is always there ready to ruin or enrich him. To a Midwesterner probably the most important things in life are the weather and his home. He's a great weather watcher and a great homemaker. No other American takes a deeper pride in his home—or works harder at keeping it up.

To the average Midwesterner a streak sizzling in the barbecue pit in his backyard holds a finer mu-

ADMINISTRATION NOTICE

Letters of administration on the estate of William M. Whitney of Glade Township, Warren County, Pennsylvania, deceased, having been granted to the undersigned, notice is hereby given to all persons indebted to said Estate to make immediate payment and those having claims or demands against the same will present them to the undersigned, properly authenticated for settlement.

Frances G. Whitney, Administratrix

1 Erie Street, Clarendon, Pa.

C. HENRY NICHOLSON, Attorney

Warren National Bank Bldg. July 2-9-16-23-30 Aug. 6-8

sic than any sonata by Beethoven; tomorrow's weather forecast is more meaningful to him than anything Khrushchev may have said yesterday about the international political climate.

NOTICE

Notice is hereby given that application was made on the 11th day of June 1958 by the Western Union Telegraph Company to the Federal Communications Commission to close the telephone operated agency office at Sanden's Red and White Store, 2 South State St. North Warren, Pa.

If the application is granted, substitute service will be available by telephone through the Class 1 office located at 305 Second Avenue, Warren, Pa. and the Class 9 office, Helen Brydon's Corset Shop, 1 Cedar St., Warren, Pa.

Any member of the public desiring to protest or support the closing of this office may communicate in writing with the Federal Communications Commission, Washington 25 D. C. on or before July 28, 1958.

More up sunshine or a storm, there is one thing the Midwesterner can't quite understand: Why anyone would possibly want to live anywhere else in the wide world except where he does.

NOTICE

Notice is hereby given that application was made on the 11th day of June 1958 by the Western Union Telegraph Company to the Federal Communications Commission to close the telephone operated agency office at Associated Farmers Telephone Lines, Sugar Grove, Pa.

If the application is granted, substitute service will be available by telephone through the Class 1 office located at 305 Second Avenue, Warren, Pa. and the Class 9 office, Helen Brydon's Corset Shop, 1 Cedar St., Warren, Pa.

Any member of the public desiring to protest or support the closing of this office may communicate in writing with the Federal Communications Commission, Washington 25 D. C. on or before July 28, 1958.

J&L EARNINGS UP PITTSBURGH (AP) — Jones & Laughlin Steel Corp. reports a 143 per cent increase in earnings for the second quarter over the first three months of 1958.

NOTICE

Notice is hereby given that application was made on the 12th day of June 1958 by the Western Union Telegraph Company to the Federal Communications Commission to close the telephone operated agency office at Cross Roads Restaurant, Russell, Pa.

If the application is granted, substitute service will be available by telephone through the Class 1 office located at 305 Second Avenue, Warren, Pa. and the Class 9 office, Helen Brydon's Corset Shop, 1 Cedar St., Warren, Pa.

Any member of the public desiring to protest or support the closing of this office may communicate in writing with the Federal Communications Commission, Washington 25 D. C. on or before July 28, 1958.

Robin Roberts Winningest Pitcher Phillies Ever Had

By ED WILKS

Associated Press Sports Writer

With 186 victories, Robin Roberts is the winningest pitcher the Philadelphia Phillies ever have had. But he's the tough luck guy among active major leaguers when it comes to 1-0 defeats.

He had no luck at all Tuesday night, giving up just two hits in his seven innings, but losing 1-0 at San Francisco. It was his second 1-0 defeat of the season and seventh of his career, more than any other pitcher now working in the majors has had to put up with.

Roberts, who has won five 1-0 games, has been a shutout victim enough times this season to go on strike. The Phils have been blanked eight times, more than any other National League team and Robin has been the loser in half of them.

Young Mike McCormick collared the Phils in this one, struggling through with a nine-hitter for his second shutout and a 7-1 record as the Giants, who managed just three hits, stayed within half a game of first-place Milwaukee.

The Braves rapped St. Louis 4-1 on the four-hit pitching of Joey Jay and home runs by Hank Aaron and Wes Covington. Pittsburgh beat Los Angeles 6-2 in the only other game scheduled.

Aaron and Covington split the four hits Sal Maglie allowed the Braves in four innings — but

Aaron's two were his 16th and 17th home runs, while Covington singled and hit his 14th homer for a 3-0 lead that handed Maglie his third consecutive defeat and a 2-3 record. Aaron's fly ball brought in the other run after the Cards had scored in the fourth on a walk and singles by Stan Musial and Curt Flood.

Pocahontas was the first convert to the English Church in Virginia.

Tonight's the big night for Stateline patrons as a \$4,200 purse NASCAR sanctioned new car, 150 lap grand national championship race will be presented with thrills and spills plus two 25-lap heats.

Warren's entrant at Stateline Speedway in Busti, Emory Mahan, will be piloting his famous eight-ball along with other IRA regulars at Stateline. Bud Gardner, Clarendon, will not be participating. Tickets may be purchased locally at United Cigar Store, corner Liberty and Second streets in Warren. Seat guaranteed on advance sale.

Top names in racing today will drive in tonight's feature, including current NASCAR point leader, Lee Petty.

Grand National veterans driving this evening include: National champion in 1956 and '57, Buck Baker; Speedy Thompson, winner of classic "Southern 500"; Bob Welborn, NASCAR Convertible Division Champion past two years. These boys from the stronghold of Stock Car racing in the sunny south, all speak with soft accent which is characteristic of that part of the country, but step with a very hard foot on the gas pedal.

Not to be outdone by boys from below Mason-Dixon line, one particular Yankee from Peekskill, New York will be on hand to see that the spoils are evenly divided. He is Jim Reed, who holds the honor of being the nation's Short Track Champion for past five years.

Running side-by-side with all these Grand National veterans will be some of the top performers of weekly Stateline contests. One of these is Squirt Johns from Brockway, widely known in western New York and Pennsylvania for his consistent point leadership on tracks since 1954. Mad Man Johnny McGinley from Chicora is expected to appear, also.

These topnotch jockeys all know the clay oval like the back of their hand, and should give NASCAR greets some very tough competition.

McCormick Shows He's Worth All Giants Paid Out

By THE ASSOCIATED PRESS

LOS ANGELES (AP) — Mike McCormick cost the Giants an \$85,000 bonus two years ago but his teammates and opponents agree he was worth every penny of it.

The swift-pitching 19-year-old lefty is the National League's leading percentage pitcher with a 7-1 record. He got his seventh Tuesday night, a 1-0 masterpiece for San Francisco over the Philadelphia Phillies and Robin Roberts.

"He had good stuff, that racial," said Roberts, a 10-year major leaguer who had a two-hitter going until he was lifted in the eighth for a pinch hitter. McCormick allowed nine blows.

"The kid learned so fast," commented Frank Shellenback, head of the Giants' minor league pitching personnel. "He's 100 per cent improved over his spring training performance."

The Giants got their run, enough to keep them in second place, half a game behind Milwaukee, on two walks, a double and a costly error by third baseman Willie Jones in the seventh.

Sports In Brief

By THE ASSOCIATED PRESS

FOOTBALL
LOS ANGELES—The Los Angeles Rams traded veteran full-back Tank Younger to the Pittsburgh Steelers for a high draft choice.
CHICAGO—John Olszewski, Chicago Cardinal fullback, was traded to the Washington Redskins for a high draft choice.

RACING
STANTON, Del.—Eldon Nelson, Glenrose, Okla., rode five consecutive winners at Delaware Park, including Sob Sister (\$38) in the feature.
OCEANPORT, N. J. — Pilon (\$4.80) under Willie Hartack captured the top event at Monmouth where Howie Grant rode a triple.

Yesterday's Stars

By THE ASSOCIATED PRESS

Hitting — Hank Aaron, Braves, drove in three runs with a pair of homers and a sacrifice fly in 4-1 victory over the Cardinals.

Pitching — Mike McCormick, Giants; Truman Cleveland, Senators; McCormick buckled down when the going got rough, giving up nine hits in a 1-0 victory over the Phillies; Cleveland struck out seven and blanked the Indians on one hit in 6 1/3 innings of relief for a 5-4 victory.

Snider's Wallop Is Longest Ever In the Coliseum

By THE ASSOCIATED PRESS

LOS ANGELES (AP) — Many tried but no one did it until the Mighty Duke came through Tuesday night.

After months of frustration, Duke Snider of the Dodgers swatted a tremendous wallop over the right center field fence, deepest part of the Coliseum's much maligned ball park.

The drive carried some 440 feet and came on a fast ball by right-hander Ron Kline of the Pittsburgh Pirates. It was struck in a losing cause however, the Pirates winning 6-2 as rookie Dick Stuart continued his long-distance clouting.

There have been homers punched over the right field fence near the foul line, puny blows of 320 or 330 feet, but Snider's was the first to clear the low fence in right center. It was only his second home run in the Coliseum this season, the other going over the left field screen. He's hit a dozen drives about 400-feet out, but all were caught.

The iron lung respirator was invented by Philip Drinker and Louis Shaw.

OFF AND FOAMING—More than 200 power boats answered the boom of the starter's cannon in Miami and went roaring away in the 10th Gold Coast Marathon to West Palm Beach.

Chores Around the House Damage Athlete's Ability

BY HARRY GRAYSON

NEA Sports Editor

NEW YORK (NEA)—It was W. C. Fields who first urged that all young children be sent out to play in traffic.

This was brought up again when a few baseball players, notably Eddie Mathews of the Braves, complained of being tired from playing the first half of the season.

A Milwaukee official couldn't believe the strapping Mathews could tire himself doing anything. But on reflection he hit at what could be a major and unnoticed problem an athlete—and most other male human beings—faces. Living at home.

"From observation," the Milwaukee man said, "I'd say the biggest problem for a ballplayer is the long home stand."

"This is because the kids wake up players early in the morning after a night game. There are chores to do—mowing the grass, fixing a broken leader and whatnot. The player winds up doing a full day's work as a handy man before a game and often does it without enough sleep."

"You'll find a major league team, contrary to what most think, gets more rest on the road than at home."

GABE PAUL, THE CINCINNATI general manager, remembers being puzzled about a slump Ted Kluszewski ran into a couple of years ago when he was the Redlegs' big gun.

So one morning on his way to the office—the club was playing that night—Gabe drove to Klus's house for a talk with the big-armed star.

He found his five-figure ballplayer stripped to the waist and hauling a wheelbarrow full of cement toward a patio he was building.

Paul noted that construction workers, no matter how well paid, still do not have the take-home pay of a 300 hitting major league first baseman.

But this problem runs a poor second to children, who produce impossible problems for an athlete who could use a few hours more sleep in the morning. There is the problem of minding them, too.

A SEASON OR SO BACK, Art Lewis, the West Virginia football coach, was about to leave his house for a game when the telephone rang. On the other end was the wife of his All-America tackle.

"He can't play today," she murmured sweetly. "He's going to stay home. He didn't mind the child. He never does. So I'm punishing him. He has to stay in today."

Lewis dismissed it as a joke until he found the tackle was not with the rest of the team.

The eminent boxing conditioner, Morris Bimstein, mulled over this home-life situation at Stillman's one day and came up with a thought.

"You got to have a fighter away from home," he said. "You got to get that guy away from the kids and the wife and all that."

"FIGHTERS FOR SOME REASON got a lot of relatives. Maybe it's because the relatives think the fighter makes a lot of money. But anyway, the relatives is there, with all their kids, and the fighter shows up dead if you don't have him in a camp."

"Kids is dangerous for fighters in a lot of ways you'd never think of. We had a feller who shows up for the commission exam on a Friday—he was fightin' that night—and he keeps holding his hand. It was bruised."

"You know how he done it? He got up that morning and spanked one of his kids. I bet you never knew you could hurt your hand on a kid."

"See what you got to put up with if the guy lives at home?"

Lary On Way To Beat Yanks Six Times in Single Season

By ED WILKS
Associated Press Sports Writer

Frank Lary, the pinball addict who makes lights flash and buzzes him when he throws his knuckleball against New York, is practically a cinch to become the first pitcher in 14 years to beat the Yankees six times in one season.

The 27-year-old Detroit right-hander had no real trouble beating the Yankees 12-5 Tuesday. That was his fifth over the American League leaders this season.

No one has beaten the Yankees six times in one year since 1944, when a pair of Tiger aces, oddly enough, did it. Dizzy Trout was 6-0 and Hal Newhouse 6-2 against New York that year.

While third-place Detroit took a 9-4 edge over the Yankees for the year and cut their lead to 12 games, Boston retained second place by beating Kansas City 5-2 on Jackie Jensen's 27th home run. Baltimore tied the A's for fourth by defeating the White Sox in 12 innings. Washington beat Cleveland 5-4.

Lary had a string of 27 shutout innings over the Yankees until a two-run seventh, and finally gave way in a two-run eighth, when

Mickey Mantle hit his 24th home run. Lary now is 9-3 for the season.

Jensen, the major league home run leader, hit his one-season high with a three-run shot in the first inning off loser Ray Herbert (3-5). Frank Sullivan won his eighth, but needed relief.

Gus Triandos hit a solo 17th homer and counted the clincher with a bases-loaded, two-out single in the 12th for the Orioles against reliever Turk Lown (0-2). Arnie Portocarrero (8-5) went all the way, giving up seven hits and blanking the White Sox on one hit for nine innings after a two-run first.

Speaking of Sports

Frank Fuller of DuBois reported to Los Angeles Rams training camp in Redlands, California. Frank is DuBois' contribution to professional football and wrestling. Fuller reported that big problem for Rams as they prepare for the forthcoming NFL grid season is grooming a suitable quarterback to take over in the absence of Van Brocklin.

Former Ridgway High School football star, Gene Abplanalp, has been appointed head football coach at his alma mater. Abplanalp attended Indian State Teachers College where he played football four seasons and after graduation was offered a contract by Baltimore Colts pro football club.

Kane Wolves obtained a new basketball coach yesterday when it was announced that Laverne (Vern) Johnson, highly successful Junior Varsity basketball coach for the past four seasons and instructor at Kane Area Joint High school would fill the vacancy of Matt Rausch. Rausch resigned last week to accept a position as principal of Delaware Valley Joint High School in Pike county. Johnson reported yesterday that, "We'll have to spend the next two seasons, at least, rebuilding." He noted that, "We lost seven darned good basketball players by graduation last month. One advantage for me," he added, "is that I have worked with the boys who will be playing for us next season. I know them. That will help." Former coach Rausch's varsity team had an amazing 125-34 record. Johnson's 1956-57 Jayvee basketball team won 13 and lost 9; 1957-58 Jayvees, which specialized in winning thrillers against much bigger teams, had a fine record of 16 wins, five defeats.

Plans for the sixth annual Prep League World Series have been established with the announcement that there will be six regional play-offs at Chicago, Massillon, Ohio; Rochester, Waltham, Mass.; Murray, Kentucky; Rome, Georgia. The tournament will be held at Munhall, Pa., beginning August 9. There are a total of 327 Prep League teams operating in 17 states east of the Mississippi and one province in Canada. Pennsylvania will have three regional play-offs, Washington, Butler and Munhall.

HOT STOVE NEWS

Bantam eastern division battle found St. Paul's Lutheran losing to Warren County Dairy 3-1 on Memorial Field Monday. Jekert homered twice for Warren County, one a grand slam. He also scored a triple. Teammates Rogers and Stummel doubled, K. Clark, triple. The only hit for St. Paul's, and their only run, was a home run by Marietta. Batteries: Stimmell with Rogers behind the plate for Warren; Gene Anderson and Andrews, O'Neil for St. Paul's.

Warren Observer won a big contest from St. Paul's Lutheran on Memorial last evening in Bantam league play. With a 25-4 score, Tomassoni tripled and scored a double for Observer, Hecel and L. Slocum, doubles. Winning batteries were composed of Knepp and Tomassoni; Anderson, Andrews, Lucas and O'Neil for St. Paul's.

Rookie Stuart Is Again the Hero In Pirate Victory

LOS ANGELES (AP)—Rookie Dick Stuart led the Pittsburgh Pirates to a 6-2 victory over the Los Angeles Dodgers Tuesday night by batting in two runs with a homer and a single and scoring what proved to be the winning run.

Stuart's home run beyond the left field screen in the sixth inning gave the Pirates a 2-0 lead. It was his third homer since he joined the Pirates last week after being recalled from Salt Lake City.

In the fourth, Stuart's single scored Roberto Clemente who also had singled and moved to third on an error.

The Dodgers tied the score in their sixth when Duke Snider belted a 440-foot homer over the center field fence with Junior Gilliam aboard. Snider's blast was the longest home run hit in the Coliseum this year.

But the Pirates wrapped the game up when they exploded for four runs in the eighth inning on a hit batter, three hits, a walk and an error.

Leading off, Stuart was hit by a pitched ball. Singles by Frank Thomas, Bob Skinner and Bill Mazeroski, a walk to Dick Groat and Charlie Neal's error followed.

Ron Kline, who needed relief help, earned his ninth victory against nine defeats. It was the third time this year Kline has beaten the Dodgers.

Don Drysdale suffered his 10th loss against four victories.

Meanwhile, Pirate infielder Gene Baker plans to return to his Chicago home in about 10 days to convalesce after undergoing surgery Tuesday in Pittsburgh on torn tendons in his left knee.

Baker was injured Sunday against the St. Louis Cardinals. His knee will be in a cast until September.

Ford Has Good Chance To Win Twenty This Season

Associated Press Sports Writer

Is this the year Whitey Ford, the New York Yankees' stubby southpaw, finally wins 20? He seldom has looked better since coming up in 1950 and supplying the push Manager Casey Stengel needed for the second of his eight American League pennants.

In his best season, 1956, he won 19. Arma trouble held him to an 11-5 record last year.

Ford is 11-4 now, tying a teammate Bob Turley for the AL shut-out lead with four by blanking the Chicago White Sox 5-0 Monday night on three hits.

The runaway Yankees pushed 13 games ahead, their longest bulge of the season, as Boston reclaimed second place with a 4-3 decision over Cleveland in 10 innings and Detroit slipped to third with a 2-1 defeat at Baltimore.

Jack Urban, a onetime Yankee farm hand, shut out Washington 4-0 on four hits as the Kansas City A's ended their losing streak at six.

The Red Sox, who scored two in the third for a 2-1 lead with the help of a wild pitch and two passed balls, wrapped it up as reliever Don Mossi walked one to load the bases, then walked pinch hitter Ted Lepcio on a 3-2 pitch that forced in the winner. Murray Wall (4-7) won it. Jim (Mudcat) Grant lost it in relief for a 6-8 record.

Bob Boyd scored both Baltimore runs, doubling and counting on Gene Woodling's single in the first and bagging it with his fifth homer in the eighth. Hec Brown (3-0) won it, blanking the Tigers on five hits over the last 8 1-3 innings. Herb Moford (0-2) was the loser.

Midget Car Racing Debuts at Stateline

Quarter midget racing—a variety of the sport for kids from six to twelve—makes its local debut tonight at 7:30 at Stateline Speedway when three Jamestown boys compete in a race with three Erie lads.

The races will be held prior to the NASCAR Grand National \$4200 purse 150-lapper.

Jud Behe and Don Thorpe, promoters, of Wee Dynamic Racers, announced Tuesday night that youngsters would be whizzing around a special 20th of a mile track built in the infield at Stateline at a maximum speed of 25 miles per hour.

On the West Coast, kids are started when they're four years old, but Behe said, "we think that's pretty young although Don has a five-year-old daughter, Pamela, who really whips the car around."

The cars, which have to be pushed in order to start, are six feet in length and are powered by a two-horsepower four-cycle engine. Cars are equipped with brakes and a foot throttle.

Cars cost about \$350 apiece and can either be brought completely assembled or as a kit which takes about six hours to assemble.

CLAY COURT TOURNAMENT

CHICAGO (AP) — Top-seeded Barry MacKay, the power-serving Davis Cupper, led a host of rated performers today into the fourth round of the 48th annual National Clay Court Tennis Tournament.

The 22-year-old Dayton, Ohio, stroker, one of America's best Davis Cup bets, encountered some trouble in blasting out two victories Tuesday in suburban River Forest.

YOUNGER TO STEELERS

LOS ANGELES (AP) — Tank Younger will play for the Pittsburgh Steelers next fall.

The Los Angeles Rams' veteran fullback was traded to the Steelers Tuesday for a high draft choice. Younger, 30, came to the Rams nine years ago from Grinnell College in Louisiana.

Joe Marconi will be the Rams' No. 1 fullback.

Top Professionals Tune Up for Nat'l PGA Tournament

By WILL GREMSLEY
Associated Press Sports Writer

HAVERTOWN, Pa. (AP)—Are they going to lower the boom on trigger-tempered Tommy Bolt? This question took priority over the usual pretournament gripes about the course and weather today as the country's top professionals tuned up for the National PGA Golf Championship, opening Thursday.

Bolt, on probation since last January and hit with a \$500 fine for bad conduct, has been called on the carpet of the Professional Golfers Assn. Executive Committee tonight to plead his case.

If he can't convince the 15-member committee that he deserves another chance, he likely is to be barred from PGA-sponsored competition for from a few months to a year or more.

Most observers, however, expected the on-again off-again club thrower to get no more than a severe dressing down and a warning.

Ecuador became the world's leading exporter of bananas in 1955, when its crop was estimated at 40,000,000 stems.

Baby Is Born to Mother in Sordid Westfield Case

WESTFIELD—A baby girl was born July 8 to Mrs. Dolores Perry Rose, 30, who is free on bail of \$5,000 on a charge of attempted murder of her four-year-old son Jimmy, it was learned Tuesday.

The girl, Tracey Kim Rose was born at 10:50 p. m. on the eighth at Westfield Memorial Hospital and weighed six pounds eight ounces at birth.

Mrs. Rose was released from the hospital Sunday. A hospital spokesman said Mrs. Rose took the child with her to the home of her husband's parents.

An authority for the Children's Division of the Welfare Department said Tuesday that no attempt could be made to obtain custody of the second child unless there was evidence of neglect or improper guardianship.

Mrs. Rose and her husband, Wilfred M. Rose, 28, were charged with the attempted murder of their son Jimmy Rose after the child was found bound and gagged with three paper bags tied over his head and suffering from malnutrition.

The boy has since recuperated at Brooks Memorial Hospital in Dunkirk and has been placed in a foster home.

Last month, Mrs. Rose was released on \$5,000 bail to await the birth of a child. Rose was also released on \$5,000 bail Saturday. He had been at Gowanda State Hospital for observation after reportedly attempting suicide in his cell at County Jail.

Wool and Lamb Payments Are Being Mailed

Wool and lamb incentive payments have gone out in the mail to Warren County farmers N. E. Dodd, Chairman, County Agricultural Stabilization and Conservation Committee, announced today. The payments are made under the wool incentive program on shorn wool and unshorn lambs sold during the 1957 marketing year which ended March 31, 1958.

As recently determined, the 1957 wool incentive payments will amount to 15.5 percent of the dollar returns—or \$15.50 for every \$100—each producer received from the sale of shorn wool during the past marketing year. The payment rate on sales of unshorn lambs to compensate for the wool on them will be 33 cents per hundredweight of live animals sold.

Chairman Dodd explained that the shorn wool payment of 25.5 percent represents the difference between the national average price of 53.7 cents per pound received by producers for shorn wool during the 1957 marketing year and the 62-cent per pound incentive level announced for the 1957 marketing years last October.

He points out that the method of payment under the wool program is designed to encourage producers to do a good job of marketing their wool, and the grower who gets the best possible price for his wool also receives the largest incentive payment. Thus, a grower who sold his wool for 40 cents per pound, which is below the 1957 national average price of 53.7 cents per pound, will receive a payment of 6.2 cents per pound, based on the 15.5 percent payment rate for 1957 marketings. This will give him a total return of 46.2 cents per pound.

On the other hand, a grower who sold his wool for 60 cents per pound will receive a payment of 9.3 cents per pound, giving him a total return of 69.3 cents per pound for his wool.

COLE HILL

COLE HILL—While riding horseback up Cole Hill Saturday, Lewis and Richard Eastman killed a black rattlesnake, four feet long and carrying eight rattles. This is the third rattler reported killed this season, Junior McChesney getting one on Cole Hill, a camper on Sutton Hill dispatching the other. It is said rattlesnakes travel more during July than at any other time of the year.
